## Girl Held for Grand Jury On Charge She Stabbed Man

### Accidents Involve Parked Autos

### Woman Will Be Heard on Not Having License; Man Injured

Two accidents last night involving parked automobiles were reported by the state police in the southern part of the county.

A sedan owned by Mary Catherine Thorpe, 47, Main street, Gardiner, parked in front of her home, was struck by a coupe owned and operated by Daniel Decker, 63, of Gardiner at about 5:45 p. m. The sedan police at Highland said that Decker was headed west on Route 44-55 when the accident happened. William Marshall, 45, of Gardiner, suffered a laceration of the forehead and was treated by a doctor.

The police said a charge of failure to produce a license was lodged against the owner of the parked car and hearing is scheduled for Nov. 7 before Peace Justice Joseph Deyo of Gardiner.

In a similar accident at 6:30 p. m., a quarter-mile south of Highland, on Route 44-55, a car owned by Charles Patrick, 25, of Highland, parked on the northeast side of the route, was struck by a sedan owned and operated by Florence Timm, 42, of 43 Church street, New Paltz.

Police said the driver reported that she fell asleep while traveling north on the route, ran off the east side of the road and struck the car on her right. No injuries were reported. State Trooper E. J. Divine investigated.

### Hart's Location Gives 11 Votes to Dewey

Hart's Location, N. H., Nov. 2 (AP)—This small White Mountain community—the first in the nation to report returns in today's election—cast 11 ballots for Gov. Thomas E. Dewey and 1 for President Truman.

In the 1941 presidential election Gov. Dewey polled 4 votes and Franklin D. Roosevelt 6. Absentee ballots cast by a New York couple, Mrs. and Mrs. Ham Bithumend of New York were promptly challenged on the ground that they are not permanent residents of the location.

The challenge was entered by Mrs. George Morey, a permanent resident. No action was taken immediately.

The voters gathered in the cold dawn to cast their ballots in the private home of the town treasurer, Alice Burke. They voted by the light of oil lamps.

Most of the town's voters are railroad maintenance men who customarily go to work early.

There are 13 registered voters in the town of 18.

Town Clerk Oscar Macomber said the 13th voter "had to go to a funeral," and didn't desire to cast a ballot.

The Republicans held an 11 to 1 margin right through the state offices on the ballot with U. S. Rep. Chester Merrow as the congressional choice.

### Puerto Ricans Vote

San Juan, Puerto Rico, Nov. 2 (AP)—Puerto Ricans vote today for the first time as a separate electorate. About 872,000 voters, a record registration, are eligible. Since 1898 when Puerto Rico became a United States dependency, the governor has been appointed by the U. S. President. But under a law signed by President Truman last year, Puerto Rico won the right of democratic election. Choice of governor also will make known the views of Puerto Ricans on the future status of the presidency. All three major candidates have differing views on this important island issue.

### Mrs. Washington, 17, Arrested After Tale Is Told by Brandon

Mrs. Vivian Washington, 17, of 7 West Strand waived examination on a charge of second degree assault and was ordered held for grand jury when she was arraigned in city court this morning. Mrs. Washington is charged with stabbing David Brandon, 25, of 37 Chambers street, Saturday morning. Brandon was treated at Kingston Hospital Saturday for what he told police was a stab wound in his abdomen. Monday he appeared before City Judge Matthew V. Cahill and obtained a warrant for Mrs. Washington's arrest, charging she assaulted him "by inflicting grievous bodily harm and stabbing him with a knife in the abdomen, causing a cutting of the flesh."

Mrs. Washington was arrested 3:30 p. m. Monday by Patrolmen Thomas Tomshaw and Earl Schoonmaker and held at the county jail for arraignment today. She was represented in court by Attorneys Harry Gold and Joseph A. Vais. No bail was fixed by Judge Cahill, since this must be done by a higher court, according to law, in the case of persons awaiting grand jury action.

### Night School Students Struck by Automobile

Two persons on the way to attend night school classes at Kingston High School were struck and slightly injured about 7 p. m. Monday when an automobile failed to make the turn into the high school entrance and ran onto the sidewalk, according to a report which reached police this morning. Miss Barbara Andrew, 21, of 194 Wall street, told police she and Charles W. Goble, Jr., of 274 Clinton avenue, were struck by a sedan which knocked both to the pavement. She said she received bruises on both legs, while Goble complained of bruises on his arm and pains in the body, according to the police. The driver of the automobile stopped and took Goble to the Kingston Hospital for examination, but the driver's name had not been ascertained, police said.

## French Troops Resisted In Northern Coal Fields

Paris, Nov. 2 (AP)—French troops clearing strikers from the northern coal fields met serious resistance today for the first time.

Five men of the government forces and a number of strikers were wounded in an exchange of shots and hand grenades near Levin, about 20 miles southwest of Lille.

Previous violence, in which three miners have been killed and many strikers, troops and police wounded, has centered in the south. At Oignies, strikers tried to recapture one pit from government forces, but were driven off. The government charged that saboteurs derailed two miners' trains, one near Valenciennes the other near Marseille, as three columns of troops drove into the last pits held by the Communist-led coal strikers in the Lens area. Government sources predict that a back-to-work movement among the miners in defiance of Communist strike leaders will cause the collapse of the nationwide coal walkout this week. About 30,000 soldiers and police, supported by tanks and

## Railway's Petition For Increased Rate Has Been Rejected

### Bid Was for Immediate 'Emergency' Boost of 8 Per Cent; Hearing November 30

Washington, Nov. 2 (AP)—The Interstate Commerce Commission today rejected the railroad's petition for an immediate "emergency" 8 per cent freight rate increase.

The commission announced that it will open hearings Nov. 30 on the general 13 per cent advance in rates asked by the railroads. At that time, the I.C.C. said, it will also take evidence on the rail industry motion for an 8 per cent increase to be collected while the commission considers the request for a 13 per cent advance on a long term basis.

The railroads asked the I.C.C. on Oct. 12 for permission to boost rates quickly as an emergency measure in view of new wage increases for rail workers. The carriers said the situation warranted action without hearing. But they said that if a hearing was necessary, it should be held before the end of October.

The commission's decision to let the matter stand for review on Nov. 30 followed requests from shippers and other interests for a full hearing before any rate increase is granted. Among those urging a full hearing were the Department of Agriculture and the State Association of Public Utility Commissioners.

### Man Killed by Subway

New York, Nov. 2 (AP)—Subway service was delayed 46 minutes during the morning rush hour today when an unidentified man was killed by a southbound local I.R.T. train on the Pelham Bay subway line at 138th street and Grand concourse, the Bronx. Police said the man was killed at 7:12 a. m. (EST).

### W. F. Dowling Dies

Utica, N. Y., Nov. 2 (AP)—William F. Dowling, 70, former justice of the Appellate Division of State Supreme Court, died today at his home here. Dowling, a Supreme Court referee since his retirement last December, was seriously ill about a year ago, but had shown signs of recovering.

## Sino Communists Call for Chiang's Armies to Quit

### Fighting Ceases in Mukden Area; No Major Disorders as Reds Take Prize

Nanking, Nov. 2 (AP)—Chinese Communists called today for quick surrender of Chiang Kai-Shek's beaten armies in Manchuria and openly boasted they would conquer all of China.

Reports from good authority said fighting had ceased within the entire Mukden area. There were no major disorders, this source said, as the triumphant Red forces took over their richest prize of the civil war.

No further information came on casualties or damage from the bombing of Mukden yesterday by government planes an hour after the Communists completed their occupation. Several bombs exploded within two blocks of the U. S. Consulate.

The impact of Mukden's fall and the disaster to Chiang's armies in China. The military setback added heavily to economic instability.

A shakeup of the cabinet of Premier Wong Wen-Hao appeared certain. Price controls with which the government had sought to bolster the new gold Yuan currency were abolished, and Shanghai prices jumped 300 to 400 per cent. Mukden's conquerors urged residents, including foreigners, to continue normal activities. The proclamation was signed, "The Committee of Northeast Peoples, for Negotiation of Temporary Peace." It was interpreted here as governing only the Manchurian area.

A wider scope of Communist ambition was set forth by Mao Tse-tung, chairman of the Chinese Communist party. He told the Communist nations of eastern Europe his armies eventually will control all of China. He made his prediction in the latest issue of The Bulletin published in Bucharest by the Communist International Information Bureau.

307,000 Square Miles Controlled Mao said Red forces already control 307,000 square miles, or roughly 24.5 per cent of China's area, under them, he said, are 168,000 people, about 35 per cent of the total population.

Associated Press Correspondent Spencer Moosa in Peking said capture of Mukden frees the Communists for a massive assault against North China. Shanhai-kuan, great wall gateway to this area, is expected to be the next major target. Some Chinese expressed belief, however, the Reds may bypass North China for the being and attempt to capture Nanking, the government capital.

The Communists said they have cut off the Nationalists' escape corridor to the Port of Yingkow, 115 miles south of Mukden. U. S. Task Force 38 including the carriers Tarawa and Princeton arrived at Tsingtao, big Shantung seaport, today. The visit was planned months ago.

There are more than 6,000 Americans at Tsingtao, including 5,000 military personnel and 815 navy dependents. Foreign Minister Wang Shih-chieh hurried back to Nanking from the Paris U.N. conference. The National Salvation Daily predicted that he and Deputy Premier Chang Li-sheng would be asked to reorganize the cabinet.

### Clare Luce Robbed Of \$20,000 in Gems

New York, Nov. 2 (AP)—Clare Boothe Luce has been robbed of gems valued at \$20,000 in the latest of a series of recent midtown jewelry thefts from prominent women.

The jewels were stolen early yesterday while the former Connecticut congresswoman and her husband, Magazine Publisher Henry R. Luce, were asleep in their Waldorf-Astoria tower suite. Mrs. Luce, author and playwright, told police that among the stolen items was an 18-carat diamond ring valued at \$15,000. A door to the apartment was found open twice during the early morning hours—once by a watchman and later by the Luce's maid. There was no clue to how the thief or thieves got to the suite on the 28th floor of the 42-story tower.

Mrs. Luce noted the jewelry missing when she arose early yesterday, and the loss was revealed late in the day after thorough search of the apartment. The stolen articles were insured.

Other recent jewel theft victims have been Sari Gabor Hilton, Gene Tierney, Gertrude Niesen and Mrs. Sonja Loew—all now or previously in show business.

## C. of C. Urges All Business Men to Back College Game

### Other Grid Contests Are in Store if Gettysburg and St. Lawrence Draw Crowd

The inter-collegiate football game, between St. Lawrence University and Gettysburg College at the municipal stadium here on Saturday afternoon, November 13, today received the unqualified endorsement and support of the Kingston Chamber of Commerce. Several thousand persons from a wide area will be in Kingston for this game. Secretary Albert Kurdt asks that all citizens and officials join in giving all the visitors a rousing and hearty welcome. One of the local men, who played an important role in bringing the game here, informed the Chamber of Commerce office today that if the game is supported adequately there is a good possibility that similar contests may be repeated in the future.

Both teams, the 50-piece St. Lawrence University band and many of the out-of-town spectators will stay in Kingston the preceding Friday night. The squad of cheerleaders of St. Lawrence University will be led by Joan Bucholz of Kingston.

An attractive souvenir program is being prepared for the game. The local committee needs several more ads to make the program self-supporting. There are still quite a few reserved seats available for the game. Local businessmen and citizens can best support the game and show their interest by purchasing tickets, says C. A. Baltz, Jr., in charge of the local sale. He can be reached at Kingston 1243 by telephone during regular office hours.

Present indications are that large groups of students from both schools will be headed by their respective college presidents. It will truly be a gala day for Kingston. A crowd, too large to be seated would be a fitting tribute to both schools and their football teams. A favorable impression gained by the visitors will do much to gain favorable publicity for Kingston.

### Calls It 'Survival'

London, Nov. 2 (AP)—The Manchester Guardian said today the United States Constitution is a "mysterious survival from the 18th century" that delays important diplomatic decisions. If Governor Dewey defeats President Truman, the change in government will not be made in a few hours, "as it is almost everywhere else," but in two months, The Liberal newspaper said editorially. "This curious (delay) . . . matters a good deal now when at this very moment important international decisions and policies are held up to accommodate the workings of that mysterious survival from the 18th century, the American Constitution," it said. British evening newspapers bannerlined election stories.

### Markets Are Closed

New York, Nov. 2 (AP)—Major security and commodity markets in the United States were closed today for the national elections. Markets in Canada and Europe were open as usual.

## Death of Couple Is Being Probed

Pleasant Valley, N. Y., Nov. 2 (AP)—An elderly couple were found dead today in their small bungalow here under strange circumstances.

Fred Shaver, a grocer, and his wife, Lovina, both 68, were found after smoke was noticed coming from the bungalow.

Dutchess County Sheriff C. Fred Close reported the following: Shaver was lying on the bedroom floor while his wife was on the kitchen floor. A small fire was burning on the bed.

A preliminary investigation indicated the pair probably died of asphyxiation. Autopsies will be performed.

On the burning bed were two revolvers, while a shotgun and \$500 of partially burned currency were found lying beside Shaver on the floor.

## Democrats Take Early Lead Due To Lack of Contests

### Position, However, Is Not Conclusive; G.O.P. Sticks to Claims of Victory

Washington, Nov. 2 (AP)—Uncontested elections gave Democrats an early but inconclusive lead today in the nationwide struggle for party control of Congress.

Republicans held to their claims that they will retain their present leadership in both House and Senate when the 81st Congress meets on January 3.

At stake today are 432 House and 32 Senate seats. Maine elected three G.O.P. House members and a Republican, Rep. Margaret Chase Smith, to the Senate last September.

The early Democratic lead—before any ballots were counted—is normal because of the party's control in the South, in Georgia, Louisiana and Mississippi, three incumbent Senators had no opponents. A fourth, Senator John L. McClellan (Ark.), had only minor party opposition.

Similarly in the House 53 Democratic congressmen were unopposed. So were five Republicans. Nine other Republicans won the nominations of both major parties, as did seven Democrats. They coasted to victory.

The Republicans now control 246 of the 435 House seats that are subject to election every two years. They could lose 28 seats and still have a bare majority of 218. There are 187 Democratic seats in the House now and two American Labor Party members. The Democrats must gain at least 31 to take over control.

Most Democrats claimed a better than even chance to recapture Senate control, and a few even predicted victory.

## Tribunal Sentences Dozen To Long Prison Terms

Bucharest, Romania, Nov. 2 (AP)—A military tribunal sentenced 12 Romanians today to prison terms ranging from 15 years to life on charges of plotting with American and British representatives to overthrow the Romanian government.

All sentences but one called for hard labor. All involve confiscation of property, loss of civil rights and military degradation. The defendants all are reserve officers.

The charges against them included high treason, rebellion, plotting to overthrow the government, espionage and participation in Fascist organizations. Eleven of the accused pleaded guilty yesterday to the charges and threw themselves on the mercy of the tribunal. A twelfth defendant, Max Ausnit, a Romanian industrialist who is now in New York, was tried in absentia.

Seven got life sentences. They were: Alexander Popov, industrial director; Ausnit; Ion Bujoiu, a former minister of commerce; Adm. Horia Macalariu; George Manu, university professor; Nicolai Petrescu, teacher, and Eugene Teodorescu, lawyer.

## Governor Strikes Note of Unity in Address to Meet Threat of Danger

### Senate Race Hot

## Local Campaigns Made Lively Over Variety of Issues

### Elections-at-Glance

(By The Associated Press)  
Presidency—Sought by Republican Thomas E. Dewey, Democratic Incumbent Harry S. Truman in a field of nine other candidates.

Senate—35 candidates competing for 32 seats, with G.O.P.'s present majority in the balance. Present lineup: 51 Republicans, 45 Democrats.

House—32 places to be filled, 962 candidates. Present lineup: 246 Republicans, 187 Democrats, two minor parties.

Governorships—32 contests, 100 candidates; present lineup: 24 Republicans, 24 Democrats.

Total potential voter (21 years old and over)—95,000,000. Estimated registration—Over 66,000,000.

Estimated vote—Over 51,000,000. Voting precincts—Over 135,000.

For 41st Time  
For the forty-first time in history, Americans are electing a president today.

The choice lies between Republican Gov. Thomas E. Dewey of New York and Democratic President Harry S. Truman of Missouri. By all the political signs, the odds favor Dewey.

But Truman remained firm in the belief that when upwards of 50,000,000 votes have been counted, he will hold control. Democrats replied they will take over.

Barren upsets, the House will stay Republican.

The two major candidates wound up their campaign drives in much the same language they used at the start last September. Both were on national radio hook-ups last night.

But Truman broke away from the tradition that election eve speeches are confined to appeals to get out and vote. He said at Independence, Mo., that to continue his administration "is our best insurance against going back to the dark days of 1932." And he added:

"I am, in particular, that the industrial workers, the farmers and the small business men of this country can best protect themselves against reaction and against inflation through the Democratic Party."

Dewey struck the "unity" note he has sounded up and down the land. Said he from New York after a plea to "vote regardless of how."

"The foremost issue rising clear and high above all others is whether in this solemn hour the United States of America is going to be a strong, united nation—a nation that can meet the challenge of a dangerous world."

There are nine other presidential candidates. But only two of them made news.

One is Gov. J. Strom Thurmond of South Carolina; the other Henry A. Wallace.

The civil rights revolt Thurmond led with his States' Rights Party seems likely to cost Truman Alabama, Mississippi and South Carolina—and possibly to help give Dewey one or two states in the once solid Democratic south.

Accorded Scattering Vote  
Wallace's Progressive party is accorded a scattering vote that could influence the presidential result in New York state. But even Wallace's friends aren't counting privately on a single Electoral College vote for him.

Generally fair weather was in prospect for most of the country. But here and there rain, and even some snow, threatened to join with what politicians describe as voter apathy to cut down the ballot total.

The Senate race was the hottest article of the day nationally. Some other issues—birth control in Massachusetts, a proposal to permit divorces in South Carolina and a wet-dry fight in Kansas—peppered up local campaigns.

But it is in states with critical Senate races that the balloting is expected to be heavy. These include toss-up contests in New Mexico, Minnesota, Mont-

## Approximately 500 Attend Service

Men from the Protestant churches of the city attended in a group at Monday night's preaching mission service in St. James Methodist Church. Approximately 500 persons were in the audience to hear Dr. Frederick Olet of Detroit, Mich., who is conducting the mission sponsored by the Kingston Ministerial Association and Kingston Council of Churches.

Dr. Olet's topic was "Nice People or New Men." He explained his theme by saying that too many church people are "nice people," who refuse to take a stand on anything. He pled for dynamic Christians, "people who would go out of their way for the Gospel... new born Christians rather than nice men."

The massed chorus from the Federation of Men's Clubs sang Beethoven's Creation with Vernon Miller of Clinton Avenue Methodist Church conducting. Paul Barnum of the Reformed Church of the Comforter was organist.

The Rev. Stephen Conrad, D.D., president of the Ministerial Association and pastor of the Franklin Street A.M.E. Zion Church, and the Rev. William Carver Cain, D.D., pastor of Rondout Presbyterian-Wurts Street Baptist Church, assisted in leading the devotions.

Tonight Dr. Olet's topic will be "Toward the Conversion of America." Music will be provided by the adult choir of the First Dutch Reformed Church. The service will begin at 7:45 p. m.

voted 441 for Dewey and Warren, 217 for Truman and Barkley, eight for Wallace and Taylor and one for Thomas and Smith.

For representative in Congress, the vote was 495 for LeFevre against 147 for McCormick.

Senator Wickes carried 506 votes for re-election to the state Senate, against 129 for George, four for Novogrodsky and 11 for Schneider.

For member of Assembly, Wadlin received 399 votes, Morris 205 and Kennedy 18.

For county clerk, Sutton received 364, McAndrew 225 and Curtis 31 votes.

Mack had been superintendent of the home for slightly more than five years. Mrs. Carleton said. He was assisted in his work by his wife.

## Inactive Branch Revived

Washington, Nov. 2 (AP)—The National Guard today revived its pre-war inactive branch to help build up a trained manpower reserve. Maj. Gen. Kenneth F. Cramer, chief of the army's National Guard Bureau, said officers and enlisted men unable to continue active training with their state units can retain Guard status by transfer to the non-drilling group. Men will be enlisted in the inactive National Guard for only one three-year term. Draft-age Guardsmen who shift to the inactive branch will become eligible for a regular army call-up. Cramer pointed out. Members of the inactive National Guard will be attached to state headquarters for potential future active assignments.

## Must Be Prepared

Copenhagen, Denmark, Nov. 8 (AP)—Premier Hans Hedtoft said today Denmark must be "prepared to meet the dangers threatening us should the calamity occur that the world is again plunged into war. 'We cannot build our existence alone on hope for lasting peace and reconciliation in the world,' the premier told the Danish Parliament in a statement of government foreign policy."

Batavia, Java, Nov. 2 (AP)—A Dutch Army communiqué said today a report from Madelon confirmed the death of Communist Leader Musso, who headed the brief revolt against the Indonesian Republican government. Musso was captured and shot during a fight near Ponorego Sunday. The Madelon account was quoted. (The phrasing suggested "that he was executed after being taken prisoner.") The Indonesian news agency Antara said yesterday that Musso, who had been trained in Moscow, was killed in a skirmish Sunday in the village of Soemadining, south of Madelon. Antara said he and a companion were slain during an exchange of fire with a government patrol.

## Y.W. Has \$4,921 In Fund Campaign

Workers at the final report meeting of the current Y.W.C.A. campaign reported \$4,921.83 toward the \$12,000 goal. The total of contributions was almost the same as at the final report meeting last year. Not all of the workers could give complete reports last night and will continue with the drive for funds.

The Fifth Ward "went over the top" with its quota of \$150 and reported \$156.40. According to totals at the final report meeting Monday night four wards were not represented. The totals were: One—\$793.75; Two—\$439.85; Three—\$145.30; Four—\$167.16; Five—\$156.40; Eight—\$48; Nine—\$304; Eleven—\$37.75; Twelve—\$497.10; Initial gifts—\$2,289; miscellaneous contributions, \$42.50.

Mrs. Frederic Holcomb, chairman of the initial gifts committee, also reported that her workers had not completed solicitations.

## Electoral Votes Give Key To Nation's New President

By JAMES MARLOW  
Washington, Nov. 2 (AP)—Keep your eye on the electoral votes when the election returns start rolling in tonight.

There are 531 electoral votes divided up among the states. The candidate who gets a majority of them—266—wins.

Why those 531 electoral votes? Because they equal the total number of people the 48 states have in Congress: 96 senators and 435 House members.

Each state is entitled to a number of electoral votes equal to the number of people it has in Congress. For example:

There are 47 New York state people in Congress; the two senators and 45 House members.

There the Republicans have a state of 47 electors. So have the Democrats.

Say Republican Thomas E. Dewey gets 3,000,000 votes in New York, and Democrat Harry S. Truman gets 2,999,999.

Then Dewey, although receiving only one more popular vote than Truman, gets all of New York's 47 electoral votes. Truman gets none.

Does that mean the 2,999,999 popular votes for Truman wouldn't be included in the total national popular vote to elect him? That's right.

But wait. Suppose in Illinois Truman gets 3,000,000 popular votes and Dewey gets only 1,000,000. Then Truman gets Illinois' 28 electoral votes and Dewey's 1,000,000 popular votes don't count.

Yes, but in those two states Truman receives 5,999,999 popular votes to only 4,000,000 for Dewey, but Truman winds up with only 28 electoral votes while Dewey, because of his New York victory, has 47.

That's right. It means a candidate could get more popular votes and yet lose the election because his opponent carried states with the most electoral votes.

In 1888 Democrat Grover Cleveland got a bigger popular vote than Republican Benjamin Harrison. But Harrison carried the states with the bigger electoral vote and won.

Needs Only 12 States  
This year, Truman, or Dewey, could make a sweep of 36 states and yet lose if his opponent carried only these 12 states:

California, New York, Pennsylvania, Illinois, Missouri, Kentucky, Indiana, New Jersey, Massachusetts, Ohio, Texas and Wisconsin.

Why? Because those 12 states have 269 electoral votes, or three more than the 266 majority needed to win.

But suppose it happened that no single candidate got a majority of the electoral votes. What then?

The newly elected House of Representatives would choose the president from the three candidates receiving the greatest number of electoral votes.

In that case the total House vote would be 435, with each state—no matter how many members it has in the House—entitled to only one vote.

So far in this story the electoral vote has been explained as it usually happens. But this is an unusual election. A little different from those in the past.

The Democratic Party this year is split because of Truman's stand on greater civil rights for Negroes in the south.

Many southern Democrats, who otherwise might have voted solidly for him, are angry at Truman. They have set up an organization of their own called "States' Rights Democrats."

Will Vote for Thurmond  
And they will vote for Governor J. Strom Thurmond of South Carolina who is the State's Rights candidate for President. The result:

In Alabama Truman is not on the ballot at all. There the State Democratic Committee has pledged the Democratic electors to Thurmond.

In Florida the electors are split up among Truman, electors and Thurmond electors and some electors who are not designated at all. Florida has eight electoral votes.

But the southern mix-up in electors won't be important in tomorrow's election results unless:

1. Only the loss of electoral votes in the south were to cost Truman the election, since ordinarily the south votes solidly Democratic.

2. The whole election is so close that no one candidate gets a majority of the electoral votes. That would throw the election into the House.

## Presidential Candidates

By The Associated Press  
There are 11 candidates for the presidency today but the name of only one, Gov. Thomas E. Dewey, Republican, appears on all 48 of the state ballots.

President Truman, the Democratic nominee, is listed in 47 states, but not in Alabama.

Four years ago there were six presidential candidates, all on the ballots of two or more states. Two of the 1948 aspirants appear on none.

## 6,250,000 Vote Forecast in State

New York, Nov. 2 (AP)—6,250,000 vote is forecast in today's general election balloting in New York state, whose 47 electoral votes are the nation's top prize.

This would be slightly under the 1944 record of 6,306,237. There are 7,043,579 registered voters this year.

Most observers forecast a victory of Gov. Thomas E. Dewey in the state, although Democrats declare President Truman sprinted strongly enough in the campaign's last days to turn the tide.

The election mark's Dewey's fifth major ballot race in the Empire State. He lost for governor in 1938 and for president in 1944 but won his governorship bids handsily in 1942 and 1946.

Also at stake are New York's 45 Congressional seats. Democrats say they expect to gain three seats in New York city and one upstate, but G.O.P. strategists insist the party will retain its present allotment of 28. The Democrats now have 15 and the American Labor Party two.

One closely watched battle is in the 18th Congressional District in Manhattan, where Rep. Vito Marcantonio, A.L.P., is seeking a seventh term against Democratic and Republican foes.

The polls, opening at 6 a. m., will close at 9 p. m. (E.S.T.).

### INTERNATIONAL HOPE

Critics of the United Nations Organization are pessimistic about the ultimate success of its aims. A careful survey of its accomplishments to date gives ground for hope, however.

At the meeting in Paris which celebrated the third anniversary of the United Nations, Herbert Vere Evatt, minister of external affairs for Australia, pointed out that fighting had been stopped or at least curtailed in Kashmir, Indonesia, and Palestine through United Nations intervention. In other lines, such as raising living standards, promoting world health, and improving international understanding, a great deal has been accomplished, according to Dr. Evatt.

The less publicized agencies which work quietly and unobtrusively may ultimately prove to be powerful factors in its successful functioning. Working from within, in ways which are basically important, they form an effective foundation for the larger achievements of the future.

Every vote on a tax levy or a bond issue is in part a fight between two familiar groups—those who would vote for every proposition to spend public money, even for painting the moon, and those who would vote against them all, no matter what was at stake. Usually these extremes cancel each other out, leaving the more open-minded citizens to decide the issue.

### CENTURY OF THE ERIE

One hundred years make a difference. So the directors of the Erie Railroad, celebrating its first century, would readily admit. The Erie was built on a six-foot gauge, really better than the now standard gauge of 4 feet 8½ inches, because it makes for more comfortable passenger riding and has more room for freight. The standard gauge, says Edward Hungerford, historian of the Erie, goes back to early England, when the Romans had a uniform axle-length for their wagons. This length has been handed on down through the ages.

Passenger cars a hundred years ago cost \$2,000 each, a figure which the railroad would be delighted to duplicate today. And the countryside along the Erie right of way has changed vastly. In 1834, when the first part of the line was opened, not a single town on the proposed route had more than 3,000 population.

The Erie's worst enemies have been not its competitors, but those within its household. In the 1860's and 1870's the road fell into the hands of financial pirates. Finally there grew up a Wall Street saying, "On the day Erie declares a dividend, icicles will freeze in hell." The saying was tested on June 19, 1942.

Walther von Brauchitsch, German commander-in-chief from 1938 to 1941, has died of coronary thrombosis while awaiting trial for war crimes. He belonged to the Prussian pre-Hitler type of army officer, and was known to have liberal economic views and to dislike the Nazis. His appointment to head the army in 1938 came as a surprise. The reason seems to have been that Hitler wanted to make a change at the top, but did not yet feel free to install one of his own puppets. It was more prudent to put in a man of standing like von Brauchitsch, who did not belong to his clique.

### BUG KILLER

Free prize awards will be as universally approved as that of the 1948 Nobel prize in medicine to Dr. Paul Mueller of Switzerland, the man who put DDT to work as an insect poison.

In the nine years since Dr. Mueller made his discovery, DDT has won acclaim throughout the world. Of special interest is the ability of the chemical to kill blood-sucking insects—flies, mosquitoes, fleas, ticks and others which have a marked inclination to make the life of man miserable. Many of these insects also are disease carriers, and so DDT has made life safer and healthier, as well as more comfortable.

A notable point is that Dr. Mueller did not

## 'These Days'

### OUR FRIENDS

When General Feng Yu-Hsiang was in the United States, he was welcomed by many Americans as a wonderful man, a Christian general, a liberal. I, who had known him since 1919, did not believe, or trust the man because I knew beyond doubt that as far back as 1925, he was a tool of Soviet Russia.

Well, here is a letter which he sent to General Li Chih-Shen in Hongkong. This letter has been released by the revolutionary committee in Hongkong. It is worth knowing what such a "friend" of America could write about this country which gave him refuge here. Let me quote:

"From my observation, the United States is taking the first step toward fascism. They oppress Negroes whom they can kill at will and with no questions asked. They oppress liberal elements whom they arrest and indict at will. They do not treat Jews, Indians and Chinese as human beings. The big-shot capitalists control 98 per cent of American newspapers and use as their own tools 99 per cent of American magazines and publications. We do not see one sentence of truth in these publications. All the pages are full of rumors and lies slandering the farmers and laborers. There is a big flood in ten states and nobody bothered about it. There are at least 20,000,000 people in the United States without housing. For example, New York has a kind of flop houses where a man can sleep for three hours on the floor by paying a quarter. After the three-hour time limit he is thrown out."

"There are 30 universities in the United States which are opposed to the policy of aiding Chiang. But there are a few rotten eggs in the Congress who have become foster sons of Chiang Kai-shek. They insist that America must aid Chiang. To aid Chiang is actually to expand the territory of the United States."

"Everyday we read in American newspapers reports of sons murdering fathers, daughters murdering mothers, wives murdering husbands. There was a father who shot his wife and three children and then killed himself. There was another story about some people raping a girl student and then shooting her. I made a careful count of these reports, and found that in average, there are, on each day, at least two cases of murdering fathers, four cases of murdering mothers, eight cases of wives murdering husbands, ten cases of husbands murdering wives, and two cases of suicides by jumping from eight-story buildings. Such abnormalities in human relations are entirely ignored by the American Congress, government and society, as if they are not aware of such things."

"Also at every place boys of 18 or 19 years old killing girls of 18 or 19 years old on streets. If you ask why they kill, the newspaper will tell you that in one case it was because one girl was dancing with another boy and their cheeks happened to be too close to each other. When the two came out from the dancing hall, the boy shot the girl and her dancing partner. There are other countless cases like this. In the United States the life of a human being is worthless like that of an ant. Banks are robbed in broad daylight. There are many, many cases of pedestrians being robbed on streets. America is now preparing for the third World War. To my mind, it will be better for her not to fight. If war comes, those who want war will suffer."

This was written on August 12, 1948. It is the America in which Yu-Hsiang was then on a Russian ship in the Mediterranean on his way to the Marxist shrine in Moscow. He hoped to be set up as the ruler of the new state which the Russians are carving out of Manchuria and North China. But he is reported to have been burned to death on the ship. Some in China doubt that and expect him to show up in Manchuria at the right time. I do not pretend to know what is the truth of his death. The Russians are so secretive.

## That Body of Yours

By James W. Barton, M.D.

### TINY WARTS ON SOLES OF FEET

One of the painful and disabling ailments of men and women is planter warts. These little warts on the soles of the feet now are believed due to infection. Cutting through the hard callous covering these warts, tiny blood vessel bundles, like red or brown dots, can be seen.

Until recently the most successful treatment of planter warts has been X-ray treatment, one treatment usually being sufficient to cause disappearance of the warts. A recent method of treatment is by use of radioactive phosphorus.

As the X-ray treatment and also radium treatment are not without danger, Dr. R. McLaughlin, in the "Lancet" (London), describes a combination of curettage (cutting and scraping) and diathermy which he has found effective. He pares down the overlying horny skin until the typical bundles of the wart can be plainly seen. A special cutting, spoon-shaped instrument (Volkman spoon), the exact size of the wart, then is driven into the foot at the edge of the wart and swept around so that the core is shelled out completely.

The hard, fibrous collar at the neck of the wart is trimmed with scissors and the hole converted into a "crater." The base or bottom of the hole which is tough, then must be scraped until smooth and touched repeatedly with a diathermy needle or an electric cautery, using a fine point with a light touch. A small wick of ribbon gauze is inserted into the cavity, and the whole area or spot covered with gauze held in place by elastoplast.

The patient usually can walk immediately after careful; and after the plug has been removed in 48 hours there should be little discomfort. Healing usually complete in seven to ten days.

Remember, X-ray or radium treatment still is considered the best treatment, but overdosage with radium or X-rays is responsible for poor results. "If a single treatment with X-rays or radium fails to cure, this method of treatment should be discontinued." A planter wart is a "buried" wart and requires care in removal.

Another method sometimes used is electrodesiccation, in which the wart is dried up by electricity under a local anesthetic.

## The Washington Merry-Go-Round

By Drew Pearson

Washington.—Here is the inside story of some military political strategy which—so far as I know—has never been told, and fortunately, did not take place.

Last spring a little group of military men discussed the idea of taking advantage of Russian tension a couple of weeks before Election Day in such a way as to justify dropping the atomic bomb. Such a crisis, they argued, would serve two purposes: 1) get inevitable war over with in a hurry, and 2) re-elect President Truman.

Whether they ever put this up to Truman or exactly who blocked the idea, I do not know. I do know that it was seriously discussed, and justified on the ground that the longer we delayed a Russian showdown, the more likelihood that Russia would get the atomic bomb, after which it would be disastrously long and fatal.

However, the most important part of the story is that not only did this idea not bear fruit, but that President Truman has been at odds even with his more moderate advisers about dropping the atomic bomb.

Truman's Distress  
The teletyped message which the President sent to Secretary of State Marshall in Paris regarding the proposed Vinson mission to Moscow gave interesting insight into this.

"I pray," Truman told his secretary of state, "I may never again be confronted with the decision I had to make regarding Hiroshima."

When further arguing with Marshall over the Vinson mission, Truman also showed great mental distress that he should ever have to unleash the atomic bomb again. Marshall, himself a religious man, was impressed with Truman's Bible-trained conscience. The President seemed to be enjoying up a scene after death in which he, Truman, was being questioned by St. Peter at the gates of heaven regarding the commandment "Thou Shalt Not Kill."

The diplomatic advisers around Marshall and perhaps Secretary Marshall himself regarded this Truman "sentimentalism" as dangerous for reasons which may be difficult for the non-diplomat to understand.

For the diplomats' chief bargaining power at Paris and Berlin

has been the idea that we might drop the atomic bomb. Thus, if the idea permeated back to Moscow that Truman would not drop the bomb, and that he placed his reliance rather on the arguments and Kentucky philosophy of his good friend, Chief Justice Vinson, the diplomats' chief bargaining weapon would be destroyed.

It may seem involved, and it may seem cold-blooded, but this was one of the background reasons for Marshall's final veto of the Vinson mission. It was not that he wanted to drop the A-bomb; but rather he wanted the Russians to think we might drop it.

So, no matter what his shortcomings as a statesman, history will probably conclude that Harry Truman was no warmonger but a humble though confused believer in the brotherhood of man.

Supporters and Desecrators  
Now that the election tumult is about over, this column would like to draw a comparison between the political behavior of four people once extremely close to Franklin Roosevelt. They are Eleanor Roosevelt, Harold Ickes, Jesse Jones and Henry Wallace.

Winston Churchill used to say that it was only when the dark came down that the stars shone. And as the twilight settles on the great period of American history that was the Roosevelt Administration, it is significant to note who stands up to go down with the ship, and who scurries off to take their revenge or to curry favor with the Deweyites.

No two men ever received more benefits from Franklin Roosevelt than Jesse Jones and Henry Wallace.

Wallace was an obscure farm writer and seed grower in Iowa, editing a farm journal which teetered on the verge of bankruptcy, when F.D.R. picked him up and put him in his Cabinet. Eight years later, a large segment of the Democratic Party winced and some openly rebelled when F.D.R. insisted that Wallace be his vice-presidential running-mate.

Jesse Jones also was desperately out on the financial limb when he became the Democratic member of the Reconstruction Finance Corporation. Suddenly, after pounding the pavements of Wall Street trying to borrow money to bail out his precarious enterprises, Jesse became the great government moneylender. The financial

powers had to come to him, not he to them.

Under Roosevelt he became the financial czar of America with the power to put his friends in command of airlines, railroads, insurance companies, utilities. No one ever accused Jesse of making loans to his own enterprises, but he accumulated enormous obligations of gratitude by his capacity to make loans to others.

And cold-blooded Jesse was not the kind of man who did not keep double-entry books of obligation in his own mind as he dispensed the billions that a Democratic administration gave him.

Principle in Defeat  
It is a queer quirk of fate that it was Jesse Jones and Henry Wallace who cowed so continually that F.D.R. had to crack their heads together. Eventually he eased Wallace out of the vice presidency and fired Jesse Jones, fired him because he suspected what has now been proved a fact—namely, that Jesse was quietly building up a Republican bloc in Texas.

Today, Jesse Jones, in his seventies, considered a cold-blooded opportunist by most of the people of Texas, has come out openly for the Republican Party. Today, his old adversary, Henry Wallace, is conspiring with the Communies to bring about the demise of those who made him.

And today, Harold Ickes, also in his seventies, has been riding the rails to Montana, making speeches, using up his strength to fight for a principle, and a party he believes, even though he knows it will be defeated.

No one ever fought harder to oppose Truman's renomination at Philadelphia than Harold Ickes, and behind the scenes, so also did Mrs. Roosevelt. But once the decision was made, both decided to stay on the ship and had served them in victory and go down with it in defeat.

As Winston Churchill said, it is when the dark comes down that the stars shine.

Bradley's Statement on War and Peace Considered One of Most Significant of Year by Public Figure

By DAVID LAWRENCE

Washington, Nov. 2.—Amid all the speechmaking of the last few weeks, there was one address which was not made by a political leader or candidate but which ranks as possibly one of the finest public utterances of the year. It was delivered last Thursday in Chicago by the Chief of Staff of the United States Army, Gen. Omar N. Bradley. It was on the subject of war and peace.

Coming as they do from a military man, the words are all the more significant. For General Bradley has described the present era of tension in relations with Russia in a manner calculated to allay hysteria and the passions or irritations that sometimes bring on war.

"It is not my business," he said, "to speculate either on the possibility of peace or war. Peace is all ways possible while we have recourse to discussion, compromise and agreement within a council chamber of nations. And there have already been too many morbid predictions of war between the East and the West. These predictions can do nothing but excite suspicion, fear and distrust. They succeed only in making the difficult task of negotiation a more elusive one. And they magnify the danger of war."

After discussing the need for a stable, long-range military policy in America as a measure of prevention, General Bradley went on to decry those who really feel war must come and had better come soon. He said:

"Since the development of new air weapons, enthusiasts have oversimplified the task of fighting a war. Convinced by their own illusions that a war might be won in days, as a safe and comfortable bomber range, they give reckless courage to those fools who would say, 'If war is to come, then let it come now.'"

"When we contemplate the terrible prospect of another conflict in our time, we who survived this last one in well-fed comfort, warmth, and wealth must face the bitter prospect of deprivation, fear and death. War is no longer a foreign affair; its weapons have invaded our homes. A struggle between two great powers might readily last for many years and leave each of them stricken to death. If we are deceived into taking war lightly and we thus light-

By WESTBROOK PEGLER

New York, Nov. 1.—Slowly but irresistibly the ghastly truth is dawning that Franklin D. Roosevelt betrayed the United States and built up the enemy who is now making it necessary for this nation to spend its way into bankruptcy feeding and organizing western Europe so that western Europe will serve as a battle-line in the coming Roosevelt Memorial War. It is useless to pretend that our government, even the Truman government, does not foresee the danger of hastening Russia's attack, which he is no more able to "time" than anyone else. Second, he knew Roosevelt's guilt would be dragged out in minutes by the making of the issue of the causes of the situation with Russia.

Roosevelt's guilty encouragement of the Communist penetration of our government as revealed by the Committee on Un-American Activities, is to the benefit of the Kremlin, of course. So are the confusion, the instability and inefficiency which pervade our commerce and industry, all caused by Communists in Roosevelt's totalitarian union rackets. This sabotage has been caused either directly through their own agents or by stupid, old-line union bosses of the A. F. of L., who are morally and intellectually unfit for any positions of power. All this is according to the great Communist plan to cripple us.

## Truman Is Sole Candidate Who May Be 'Out'

Washington, Nov. 2 (AP)—Harry S. Truman is the only one of eight presidential and vice presidential contenders who'll lose his job unless he wins today's election. And a \$15,000 job at that.

Except for Henry A. Wallace, all the others hold elective offices which will keep them on the public payroll until 1951 or longer.

Both Republican candidates—Thomas E. Dewey and Earl Warren—have \$25,000-a-year jobs as governors of New York and California, with two more years to go. Warren, however, will take a pay cut if the G.O.P. cops the White House prize. The vice presidency pays only \$20,000—and no housing furnished such as he now gets in Sacramento.

Alben W. Barkley, the Democratic vice presidential nominee, also has two more years to serve on his six-year Senate term, at \$10,000 a year.

The standard bearers of the States' Rights Democrats—Presidential Candidate J. Strom Thurmond and his running mate Fielding L. Wright—are both governors. Thurmond's term in South Carolina has two years to run. He gets a \$7,500 salary. Wright not only draws more pay—\$10,000 a year—but his Mississippi service extends until 1952.

The Progressive party candidates present a fifty-fifty picture. Wallace resigned his job as editor of The New Republic to seek the presidency. However his connections with family agriculture interests assure him a steady income.

Clifton Taylor, his running mate, has two years left of the Senate term to which Idaho Democrats elected him.

## Postmasters' October Meeting Well Attended

At the October meeting of the Ulster County Postmasters' Association a report was given on the 44th national convention, and a new member was welcomed. Kurt H. Lasar, acting postmaster of Ardonia, Hazel Markle, postmaster of Minnewaska, was congratulated for having received 100 per cent in the last three inspections.

Postmasters from these offices attended the gathering in the central post office: Accord, Ardonia, Blinewater, Bloomington, Clinton, Cottekill, Edenville, Gardiner, High Falls, Kerhonkson, Milton, Lake Minnewaska, New Paltz, Port Ewen, Stone Ridge, Ulster Park, Wallkill and Pine Bush. County Director Gertrude L. Miller reported 61 paid members in the national association.

Ulster county postmasters at the national convention were: Mrs. Clarence L. Miller, Accord; Mrs. Naomi C. Garrett, Cragmoor; Charles Riccardi, Glasco; Mrs. Elsa D. Hart, High Falls; Robert Henry, Port Ewen; Mrs. Marie Lamb, Rosendale; John A. Martin, Saugerties; Mrs. Betsy Vonder-Osten, Shokan; Miss Sarah C. Lounsbury, Stone Ridge.

## Investigators Probe Plane Wreckage

Muldrow, Okla., Nov. 2 (AP)—Investigators examined wreckage and witnesses today seeking to learn why an air forces transport plane broke apart in the air and plunged 11 men to their deaths.

The C-47, on a routine mission from Sheppard Field, Wichita Falls, Tex., broke into three pieces and fell just a few blocks from the business district of this east Oklahoma town yesterday.

Witnesses say the plane was flying low in a heavy rain when it began to disintegrate. The public relations officer from Camp Chaffee at Fort Smith, Ark., 20 miles east, said there were 11 men on the plane and that all bodies were recovered. Names of the victims were withheld pending notification of next of kin.

Tom Morgan, one of the witnesses, said he was standing in front of a Muldrow store watching the plane, when it suddenly broke into three pieces.

"I saw men fall," he said. "I saw one parachute start opening and then fold up. I saw no other parachutes open at all."

## HOME BUREAU

### Gives Book Reviews

Miss Marion Vedder of the New York State Library visited Home Bureau groups during the past week to give book reviews and to conduct a training school on the art of book reviewing for leaders in that project.

Miss Vedder met with groups in Highland, Hurley, Forest Glen, Milton, Saugerties, Wallkill, and Kingston with a total attendance of 165.

The theme of the discussions was "Friendship and Understanding at Home and Abroad." Beginning with the importance of being friendly with oneself Miss Vedder reviewed Bonaro Overstreet's book "How to Think About Ourselves."

Dan Wickenden's "Tobias Brandwyne" draws attention to family understanding. The books "Family Circle" by Cornelia Otis Skinner and "It Was Not What I Expected" by Van Toot treat of family friends and family fun.

Going on from the friendship one should feel towards family, friends and oneself, Miss Vedder considered the same objection in approaching the peoples of other races and lands. Here she used Esther Warner's book "New Song in a Strange Land" and Alan Paton's "Cry the Beloved Country" for the basis of discussion.

Parents enjoyed hearing and seeing a wide selection of children's books, chosen for their subject matter and their illustrations.

Two of these which Miss Vedder reviewed were "Robbott" by Robert Lawson, the tale of a rabbit who was dissatisfied with his tail and "Nils" by the D'Aulaires, the story of a Norwegian boy who came to this country and who faced criticism of his parents on his arrival until he became the center of attention on a cold winter's day with his beautifully decorated, hand knitted stockings.

Miss Vedder will return to the county in April when she is scheduled to visit more of the Home Bureau groups.

### Martin's 16 Oils

#### His Best So Far

Woodstock, Nov. 2—Fletcher Martin's one-man show of his 16 latest oils at the Associated American Artists Gallery which continues through November 14 is described by Carlyle Burrows writing for the New York Herald Tribune as "one of the week's rewarding shows."

The exhibition which opened October 25 is the first Martin has had in eight years. Howard DeVree in his review for the New York Times states that Martin's work "reveals a new maturity and a broader base. He has turned from the episodic and the illustrative to bigger conceptions and worked them out with authority. 'Victory' is an entirely new note, both in color and composition. . . it is one of his most successful paintings." This critic also commended the prominent Woodstock artist for his paintings "Far Off City" and "Cherry Twice." DeVree sums up with "This is Martin's best show thus far."

Burrows was impressed with "Far Off City" and "Ritual," particularly. He said, "In 'Ritual,' a rather lyrically posed nude—the artist's figure—work has always been notable—the elements are precisely correlated to the whole, tone balancing tone, form balancing form. One is even more impressed with the sensitive handling of the textures in 'Far Off City'—again, slightly fanciful in conception but decidedly clear in execution—and although the drapery might receive more attention it furnishes a relieving note against the architectural background."

His other paintings on exhibit include Summer Sea; Good at the Gate; Night Music; The Witness; End of Summer; The Jungle; Quarry at Night; Flight; The Undeveloped; The Accident; The Chins Game; and The Pink Hat. Martin's work is represented in museums and public collections throughout the United States. During the past two seasons at the Art Students' League, Woodstock, he was one of its most popular instructors.

tana, Wyoming, and West Virginia. Republicans now hold three of these and Democrats two.

Others where upsets would have a bearing on Senate control include Kentucky, Oklahoma, Tennessee, Iowa, Illinois and Colorado. Republicans hold four of these, Democrats two.

Thirty-two senators in all are being elected today, but in most cases it is no contest, for all practical purposes.

One already elected, Rep. Margaret Chase Smith, Maine Republican, appealed for a G.O.P. Senate victory "to make the team in Washington complete in every way."

Dewey, confining his election eve remarks to a get-out-and-vote effort, did not personally appeal for a Republican Senate.

The G.O.P. nominee gathered his family around him in the New York hotel suite which is his legal residence.

His mother, Mrs. George M. Dewey, had come in from Owosso, Mich. His two sons were due from Albany. Mrs. Dewey was to join him in voting at noon (E.S.T.).

To Go to Polls

Half a continent away President Truman was to go to the polls in Independence an hour earlier, 11 a. m. (E.S.T.) with Mrs. Truman and their daughter, Margaret.

A couple of other interested persons also planned to cast their votes in home precincts.

They are Gov. Earl Warren of California, the G.O.P. vice presidential nominee, and his opposite number on the Democratic ticket, Senator Alben W. Barkley of Kentucky.

In 32 states, governors are being elected. Republicans confident of a Dewey victory, forecast that when the counting is over they will have a majority instead of the 24 to 24 tie that now prevails.

They even hope to gather in a state House as far south as Tennessee. Their candidate there is Hilbilly Singer, Roy Acuff, a demonstrated crowd-getter.

There were other unusual goings on in the south.

Gov. James E. Folsom of Alabama led a last-hour attempt to get Truman's name on that state's ballot, the only one that ignores him. Dewey is listed on all 48.

Politicians called Virginia a possible Dewey state.

Tennessee's situation was such

monthly during the winter season and it is expected that many phases of riding will be covered. It was suggested last week that each month a film depicting riding for entertainment be shown along with the educational one and this will be done at future meetings.

Louis Brown, Kingston, author of "Horse Anatomy" recently published book creating unusual interest amongst horsemen, was presented to the club by Mrs. Herbert Cutler.

Officers of the organization were particularly gratified by the fact that more young people were in the audience and that they placed their stamp of approval on this year's program. They expressed their ideas freely on the type of instruction they hoped to receive through the showing of the films and advice to be given by the more experienced members.

Mr. and Mrs. Howard Lawlor, Kingston, and A. L. Klementis were elected to membership.

A social hour followed the regular meeting and refreshments were served by the entertainment committee. Donald Warren, chairman of educational activities, will announce the title of the next films to be shown in Odd Fellows Hall, Bearsville, on Thursday evening, November 18.

### Artists' Movie Tonight Will Be Covered Wagon

Woodstock, Nov. 2—The covered Wagon will be the feature picture at the second of the moving picture series being conducted by the Woodstock Artists Association in the Art Gallery this evening, beginning promptly at 8:15. Included in the program will be "The Great Train Robbery," the earliest western movie made in Hollywood. This series which began last year is well supported. At the opening last Tuesday evening, over 100 persons attended.

### Woodstock Artists In Carnegie Show

Woodstock, Nov. 2—The work of 22 Woodstock artists is represented in the "Painting in the United States, 1948" exhibition which opened at Carnegie Institute Department of Fine Arts, Pittsburgh, on October 14 and will continue through November 12. Included are George C. Ault; Paul Burlin, Edward Chavez, Stanley W. Crane, Marion Greenwood, Philip Guston, Wendell Jones, Georgina Klugeard, Yasuo Konyoshi, Sidney Laftman, Doris Lee, Eugene Ludins, Fletcher Martin, Henry E. Mattson, Sigmond Menkes, William Pachner, Raisa Robbins, Andrew Ruellan, Eugene Speicher, John W. Taylor,

that even if Truman carries it he will get only 10 of the state's 12 electoral votes.

And the Atlanta Constitution, supporting Truman, said editorially: "We think the Republican nominee is going to win." The editorial added:

"We view that with no great alarm, being confident the nation will endure and might even benefit."

### Democrats Take

hoped to do the same in the House. But G.O.P. bigwigs say they are certain of increasing their House majority and of retaining at least a bare majority of 49 seats in the Senate.

At present Republicans hold a six vote margin of 51 to 45. Cause senators are elected for six years, only 32—one-third—of the full terms are at stake this year. But in addition to the Maine seat already filled, the unexpired two-year term of the late Senator John H. Overton (D) in Louisiana also is up for election.

The 63 senators who hold over, 33 are Republican and 15 Democrats. Thus to win control the Democrats need to show a net gain of only four seats over the 15 they carried into the election.

Before the vote counting got underway, Senator Scott W. Lucas (Ill.), chairman of the Democratic Senate Campaign Committee, predicted his party would hold all present seats and beat Republican candidates in from seven to 10 contests.

Homer Saint-Gaudens, director, says of this annual exhibition which is national in scope, "Only a portion of the pictures on the gallery walls will win approval 20 years hence, since by a small percentage of man's attempts at aesthetics in any form endure. However, if no foundations were provided for these attempts, there would be no aesthetics at all. This exhibition sets up such an underpinning. It renders an unbiased report on which is happening to picture painting, its immediate past, its present, and its possible future. It illustrates the recent work of artists whose talents take rank in various sophisticated groups, each of which applauds one of the diverse imaginative endeavors of our time."

### Potatoes Are a Versatile Food

Mashed potato nests with peas and bacon make balanced lunch-on main dish.

By GAYNOR MADDOX NEA Staff Writer

Potatoes go round the clock in a healthful budget diet. For breakfast, hash-browned or fried with eggs, or in potato pancakes or griddle scenes. For luncheon, in chowder, soup and as nests for leftover vegetables and meat or eggs. At dinner, again in soups as the main vegetable, or in the dessert. Their variety is endless—always good, always good budget value.

Mashed Potato Nests With Peas and Bacon (6 servings)

Nine medium potatoes, ¾ cup milk, 1 tablespoon butter or fortified margarine, 12 slices bacon, 2 cups cooked peas, 1 tablespoon butter or fortified margarine.

Cook potatoes in salted water; mash. Beat in milk and one tablespoon butter or margarine. Continue heating potatoes until they are light and fluffy. If too dry, add more milk to mashed potato. Cook bacon slices until done but not crisp. Line 5½-ounce heat-resistant glass deep pie dishes with bacon, using two slices in each dish. Arrange mashed potatoes in nests in deep pie dishes. Fill mashed potato nests with peas. Dot peas with one tablespoon of butter or margarine. Bake in moderate oven (350 degrees F.) for about 15 minutes.

Lemon Pudding (Serves 6)

Two tablespoons table fat, ¼ teaspoon salt, ¾ cup sugar, 1 cup smoothly mashed potatoes (no seasonings or milk added), 2 egg yolks, ¼ cup milk, 1 teaspoon grated lemon rind, 1½ tablespoons lemon juice, 2 egg whites.

Cream together fat, salt and half of the sugar. Mix the potatoes. Beat egg yolks until thick and lemon colored. Add to potato mixture with the milk, lemon rind and juice. Beat egg whites until nearly stiff, add remaining sugar and beat until glossy. Fold meringue into potato mixture. Dip into custard cups and place in hot water in baking pan. Bake in moderate oven (325 degrees F.) 40 to 50 minutes or until firm and browned. Variation: One and one-half teaspoons lemon juice plus 3 tablespoons orange juice may be used in place of 1½ tablespoons lemon juice.

### TOMORROW'S MENU

BREAKFAST: Orange juice, fried bologna and eggs, hash-browned potatoes, enriched toast, butter or fortified margarine, coffee, milk.

LUNCHEON: Mashed potato nests with peas and bacon, whole wheat rolls, butter or fortified margarine, raw carrot sticks, baked apples, tea, milk.

DINNER: Scalloped flaked fish with cheese, baked potatoes, buttered green beans, enriched bread, butter or fortified margarine, raw chopped cranberry and orange salad, warm gingerbread with lemon sauce, coffee, milk.

Tip to brides: One of the best ways to protect a wedding ring is to dip it in dishwater three times a day.

The chap in the cocktail lounge was telling some pretty tall stories, and the circle around him was getting pretty skeptical.

Bored Man: "You can do almost anything can't you?"

Story Teller: "Practically so."

Bored Man: "I'm pretty good myself. I'll tell you what. If there is anything you can't do, I'll do it myself."

Story Teller: "That's fine. It's my turn to buy a round of drinks and I can't do it."

Sweet Young Thing: "Men are so hard to buy for."

Splinter: "Yes, and I hope you'll never learn how hard it is to get a man to buy for."

Been Under Long Strain

Long skirts, they say, are really back.

And this we think most wise

For it is really time men had

A chance to rest their eyes.

Story Teller: "I was in charge of a lifeboat containing forty-three women, which drifted to a desert island."

Listener: "How were you saved?"

Story Teller: "Well, I climbed a tree and stayed there until the rescue ship arrived."

Grocer: "Well, Jimmy, what candy will you have?"

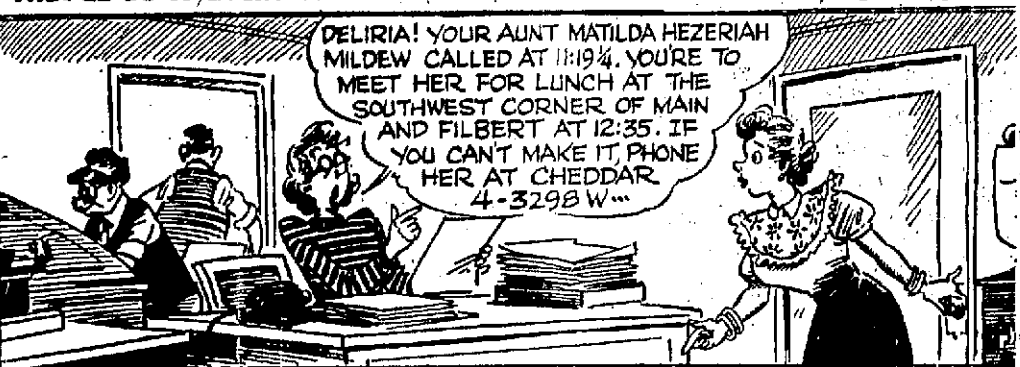

Jimmy: "Ber-nothin'—I'm just lookin' to see what I would have had if I hadn't lost my nickel."

Correct this sentence: "You will find him," said the friend, "reasonable and unprejudiced in all matters."

## SHOKAN

Shokan, Nov. 1.—Mr. and Mrs. Chris. McGrath of Peekskill called on friends and relatives here Sunday afternoon. Chris, who is employed at the Brooklyn state armory, saw World War 2 service with the "Fighting 69th" Infantry in both the European and Pacific theatres.

Henry Gebbelein has completed his new rental apartment, one of the most up-to-date dwelling units of its kind in the reservoir country.

Murray Slavin, Kingston accountant, had the misfortune to break a leg in a fall on his cellar steps last Monday. Murray received treatment at a Kingston hospital and is now at his residence on the mountain road.

Mr. and Mrs. George Thost have invested in a new car. Elson Oakley, Jr., has bought a Ford car. Willie Cohen, hustling Ashokan grocer and World War 2 veteran, is driving one of the new Ford panel trucks, with artistic lettering in everything.

## In Waterworks Days

Nov. 1, 1910: Second annual BWS report reveals that 36 cemeteries have been investigated in the Ashokan Reservoir region, and 2,413 graves relocated. Disinterment of bodies and their reburial in outside cemeteries continues with much of the work being done by ex-Supervisors. Christa W. Wine of Woodstock, who is assisted by large force of men. Several important colored speakers addressed the small crowd present at a Brown's Station Democratic rally arranged by Eldredge M. Guthright, candidate for Assembly. The potential voters appeared apathetic toward the speechifying. Estimate of work done on Ashokan Dam during October amounts to \$473,133, representing the largest month's work done on the project since it was started. Things will slow down on the job this month with the return of most of the colored laborers to Virginia for the winter.

Mombaccus Heights — Mr. and Mrs. Norman Lennon and little daughter of Walden are visiting Mr. Lennon's grandfather, James P. Lennon. Tongore—William Christiansa is moving into part of Emory Merrihew's house. Albert Roosa of Kingston is visiting his brother, Frank. Mazy R. Merrihew and Augusta Davis were callers at the Nancy Davis home Thursday.

## Having An Anniversary

Harry and Laura (Wohlt) Weeks of the Ontario Trail will observe their ninth wedding anniversary on Thursday, Nov. 4. The couple came to Shokan to make their home shortly after their marriage in New York city. Mr. Weeks is a retired employee of the city sanitation department and he and his wife conduct a tourist home and summer boardinghouse here. Robert "Bob" DuBois, well known Ashokan

## Heads Legion Ball Program

One of the real treats on the program for the 30th annual Victory Ball of Kingston Post, 150, American Legion, according to Peter Keresman, entertainment chairman, will be Joe E. Howard, whose popularity as a song writer and singer has spread over more than a half century in show business. Appearing in Kingston for the first time, the star of Gay 90's Revue, will sing his own compositions including "I Wonder Who's Kissing Her Now," the one that gave the title to a popular movie. Howard is currently appearing on television over WJZ Wednesdays at 8 p. m. and for five years was on a coast to coast hook up with his own Gay 90's Revue.

young man, will be having another birthday on the 4th. Bob was brought up in the lower village, a son of Lemuel E. and Jessie (Winn) DuBois. He has made quite a name for himself in athletics, being one of the Ashokan baseball club's star pitchers. He is married to the former Margaret Grossman of Shokan and they have one child.

Mr. and Mrs. Elson Oakley and their sons, Elson and William, accompanied by John Davis and Chester Lyons, Jr., recently drove to New Haven, Conn., and spent the day with the Oakley's son-in-law and daughter, Mr. and Mrs. Albert Fennell.

## Here and There

Note the new houses on The Trail a mile or so this side of Kingston. Those moulded stone blocks are becoming popular for dwellings as well as for garages. Ditto steel window sash. Among the younger county businessmen calling in our midst Friday were Fred Pfum of Rosendale and Arthur Davis, Jr., Kingston lawyer. Arthur's mother was one of the well known Embrose family of Krumville. Local kids advanced

the date of Halloween and did a lot of preliminary window-soaping Saturday night. Art work on the Winchell big store windows presented quite a sight to the hundreds of motorists passing the corner Sunday. Doorbell ringing and requests for handouts is not in vogue here (never has been, for that matter) but up in Walton the stunt remains popular. So, the high school student council there requested all the youthful bell ringers to put the custom to practical use by collecting clothes, toys and other items for needy children of Europe. Pretty good idea. "Dental Humor" was the topic chosen by an Oneonta knight of the drill or forceps for his talk at a literary club meeting. Well, they say it is good for a fellow to get fun out of his work. One can imagine that dental humor must be funny as all get-out. Something to do with laughing-gas, probably. (Go easy on that drill, Doc!)

## 'Faust' Is Sung

The opera "Faust" is said to have been sung more than any other five operas combined.

## NEW PALTZ

New Paltz, Nov. 1.—Mr. and Mrs. Harry Dunham and son, Larry of Ghent, visited Mr. Dunham's mother, Mrs. Raymond Dunham on Eltinge avenue during the week-end.

The Rev. John W. Follette arrived in New York Thursday from London. He made the crossing aboard the Queen Elizabeth. Upon his arrival he returned to his home in New Paltz. The pastor has spent the past year in Australia and India. Mrs. Mary Gardner of Dublin, Ga., sister of the pastor, will spend the winter with her brother on Huguenot street.

The Youth Fellowship high school group of the Reformed Church held a Halloween party and annual business meeting under the direction of Miss Nancy Ann Williams, youth counselor, Saturday night. Retiring officers are: Ronny Kurtz, president; Nancy Elsbree, vice-president; David Lent, secretary; and Betty Ann Will, treasurer. The new officers will be announced.

Daniel Shaw was in New York on Monday.

Miss Jeannette Van Arendonk spent Sunday with Miss Bertha Sutton in New Hurley.

Mrs. Lanson Rhinehardt entertained friends at cards Wednesday afternoon.

New Paltz High School varsity cheer leaders chosen by the class presidents and four faculty members are as follow: Susan Hag-

erty, Alfreda Olson, Regina Zimmerman, Patty Millham, Susan Weisz and Sadie Pensato.

Mr. and Mrs. Alex Gronman have sold their residence on Orchard Lane and have moved to New Jersey.

Barbara Turner, daughter of Mr. and Mrs. Charles Turner, has returned home from the Benedictine Hospital in Kingston after undergoing an operation.

Mrs. Adam Koenig was hostess to the regular monthly meeting of the Seekers Class and Home Department of the Methodist Sunday school at her home Thursday afternoon. Mrs. John Christensen, president, presided. Mrs. Lillian Adey, vice-president, was in charge of the devotions. Miss Bertha O. Metcalf, class teacher, assisted by Mrs. Caroline Vall, gave the lesson from the study book. Reports of past activities were given and plans for future activities were arranged.

Dr. and Mrs. Shaw of Theills called on Miss Sara E. Devo and Miss Eliza Marx recently. Dr. Shaw is a former house physician at Lake Mohonk.

Miss Margaret Friese spent Wednesday in Albany.

Mrs. Wendell Little and Miss Dottie Diemer spent Monday in Poughkeepsie.

Three Days Without Drink

Camels are expected to carry their loads 25 miles a day for three days without a drink, while crossing the desert.

"Where do you get your bridge hands?" is a question I am often asked. They come from many sources—from games in which I participate or kibitz, from fans who write to me, from tournament experts, and so on. I get some of the best hands, however,

at the cocktail table or dinner table.

Recently Harry J. Fishbein and I were having dinner in the Stardust Room at the Hotel St. George in Brooklyn, N. Y.

"What is the greatest play you have seen this year?" I asked Fishbein. Harry took out a pencil and proceeded to spoil the nice, white tablecloth. Today's hand is the one he came up with. Fishbein was sitting East, and his opponents arrived at what appeared to be a very good contract of six hearts.

Out came the opening lead of the ten of clubs, and I am quite sure that most players would agree that Fishbein should split his honors and play the queen. But he did not. He played the three-spot. He knew that the ten had to be either a singleton or a doubleton. If it was a singleton, the declarer had five clubs. If Fishbein split his honors, declarer would be able to get some discards on the club suit.

South would win the queen of clubs with the ace, lead the jack of hearts, overtake in dummy with the queen, lead the eight of clubs, and all Fishbein could get would be one club trick. But more than that, declarer could discard dummy's two losing diamonds on the two good clubs.

With the play of the three-spot, however, Fishbein still was bound to get a club trick, and declarer could get only one discard. I agreed that it was a beautiful play.

The young people enjoyed the program of dancing, carnival games, basketball games, guessing games and refreshments. The party was supervised and served by the Couples Club, The Dorn Club and the Youth Center Committee. Guessing contests and their winners were length of cobweb—tie between William Olsen and James Parkes; weight of pumpkin—William Radcliffe; kernels on a cob—Robert Woodman; seeds in pumpkin—four way tie, Harry Van Wagenen, Walter Faurate, Warren Burton and William Atkins. Sweet cider and doughnuts were served throughout the evening and dancing was continuous from 7:30 p. m. to 11:30 p. m. Music was furnished by Bill Brown's orchestra and recordings. The entire program was directed by Clarence W. Correll, youth secretary; Louis Schafer, physical director; and Burton S. Tandy, general secretary of the "Y staff".

**PRO-TEK-TIV SHOES**

PRO-TEK-TIV Shoes constructed on the new principle of 3rd Dimension Fitting help to overcome the natural tendency for ankles to turn in.

In PRO-TEK-TIV Shoes, the child's heel is held firmly and snugly in place. The ankle cannot wobble. The foot treads evenly and the child walks straight.

"3rd Dimension Fitting Keeps Your Child Walking Straight." This new conception of properly sizing a shoe includes length, width, and height, the most important dimension of all.

### STRANGE QUESTION

I have no idea whether the following question was asked by a man or a woman: "Is a man ever justified in slapping a woman—not striking—just slapping?"

The obvious answer is certainly not! And neither may a woman slap a man—at least not within the boundaries of civilized behavior. While on this extremely unpleasant topic, I'd like to add further that only under rarest circumstances does a man or a woman of well-bred instincts slap a child.

### Broken Engagement

Dear Mrs. Post: Is it necessary to insert a notice in the newspaper after an engagement has been broken? I am told by one of my friends who is usually right about social matters that a formal announcement is necessary.

Answer: According to accepted precedent, an announcement of the broken engagement should be sent to the same newspapers in which the engagement was announced.

they have a fringed edge on them. She says such trimming makes them suitable only for bedrooms. Is this true and if so, why?

Answer: Only the small size of the shade as well as the lightness of the fringe could suggest their special suitability for a bedroom. Otherwise, a fringe is entirely suitable for a living room or library, especially if it is of important weight.

### Insuring Jewelry

Dear Mrs. Post: Who is responsible for taking out insurance on my engagement ring, which is obviously very expensive? You have said that until their marriage, the ring is really the property of the man. (This implication is in your saying the ring has to be returned if an engagement is broken.) Therefore, isn't it up to the man to insure his ring?

Answer: Whoever can afford the insurance pays it. Comparatively few people can, which is probably why all rings are not insured.

Who pays the expenses of a wedding? The answer is found in Mrs. Post's booklet, No. 501, "The Etiquette of Weddings." To obtain a copy send 10 cents (coin preferred) and a 3-cent stamp to her, in care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York, N. Y. ## Admiral Oman Dies at Beacon

Beacon, N. Y., Nov. 2 (AP)—Rear Admiral Charles Maiden Oman, 70, died last night at his home, three years after retiring as one of the navy's top medical officers.

His last post before retirement was commandant of the U. S. Naval Convalescent Home at Harriman, N. Y. He was the author of two books, "Minor Surgery" and "Doctors Awake."

A native of Columbia county, Pa., Oman was commissioner in the Navy Medical Corps in 1902. He served in the Philippine, Cuban and Mexican campaigns before World War I.

He commanded the navy base hospital at Brest, France, during the first World War and served later in China.

Oman also served in the Messina, Sicily, earthquake relief in 1909. He was an American Red Cross delegate to the 1937 Geneva Congress to revise the Hague convention.

During World War II he commanded the National Naval Medical Center at Bethesda, Md., before his transfer to Harriman.

Benjamin Franklin originated the practice of printing letters to the editor.

the first of our famous Buckle and Bolos, is one of the best authorities on this Roosevelt submission. His authority can not be doubted and he has now written his second book on the peril. He seems to be trying to make amends. It is too bad he had them to make.

"Three events," says Gilroy in this new book, "The Whole of Their Lives," "one in the U. S. political field, the other in the economic field, the third in the international field of diplomacy, established the American Communist movement as a factor in the political, social and economic affairs of the country."

"American Communism owes its rise to prominence to the election of Roosevelt in 1932, to the organization of the Committee of Industrial Organization in 1935, to the recognition of the Soviet Union by the United States in 1933."

"Through Roosevelt's New Deal program and organization ranks first in immediate importance to the growth of Communism in the United States, the organization of the C.I.O. from the Communist standpoint is much more basic and of lasting importance to the movement, even though the organization of the C.I.O. without Roosevelt's blessing would never have taken place. The recognition of the Soviet Union facili-

tated Soviet and Comintern (International Communist conspiracy) penetration of the United States. It opened wide the doors for the infiltration of the government by Communists and their satellites drawn from a growing army of fellow-travelers."

On the subject of Roosevelt's flippant, all-wise betrayal of the United States and of western Christendom at Teheran and Yalta, in his conferences with Stalin, Gilroy writes only as all other authorities and students of these frightful misdeeds have written. Not even Roosevelt's defenders have dared try to justify his conduct or mitigate his guilt. Truman just ignores it. Dewey has been willing to do the same out of a false and historically bad consideration for the crocodile feelings of Roosevelt's idolators. Dewey should have argued these tragic truths all the way so that the issues would be clear on the day when he finds it necessary to take up the Russian challenge.

In 1916, right down to election, Woodrow Wilson's people were shouting that he had kept us out of war. We went into the war the month after his second inauguration. Dewey has made no such implied promises to keep us out of war but he would have served us more honestly had he told us the truth and made Truman and all of us face the truth. Instead he is lecturing young men and women make rosy plans for marriage and all of us stumble, doped and

dreamy, into this disaster, possibly within weeks after his inauguration.

## MY WIFE HAVING LEFT ME

Sue, I sure do miss you. And I admit I've been hard to take. But, honey, there was a reason for my mean disposition. I was "out of order" and depending upon harsh laxatives. Now you'd see a big change. Yes, I've found relief from constipation caused by lack of bulk in the diet—by eating right. Every day now, I have me a bowlful of KELLOGG'S ALL-BRAN and follow through by drinking plenty of water. What relief, what joy, to be able to give purgatives the go-by! That crisp whole bran tastes just fine and keeps me regulated. But, Sue, life isn't right without you. Come back, you're the only girl for me. Your loving JOE.

You  
CAN DO  
SOMETHING  
ABOUT THIS

According to national averages, you will have two colds sometime within the next year. These two colds will certainly be annoying and uncomfortable but, more than that, they can be downright dangerous, too. Every cold, you might say, is loaded with potential dynamite. Colds lay the groundwork for virus and bacterial invasions that can lead to serious trouble.

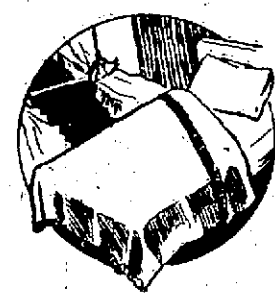

Medical research has shown that there are four vital factors that commonly lead to colds: chilling of the body; lack of sleep; physical fatigue; worry and anxiety.

You may guard against all four! Spread one Electrically Heated Bed-covering on your bed—a sheet, blanket or comforter—and you can actually reduce your susceptibility to colds caused by these medically recognized factors. The controlled temperature of any one of these three types of Electric Bedcoverings brings you, as you have never known before, the deep sleep, relaxing rest, comforting warmth, release from nervous tension that are vital to effective cold defense.

Give yourself and your family this priceless gift of better sleep, this new defense against colds.

# Robinson Will Address Davenport Golf Dinner

Famous Writer Here on Nov. 16

Lawrence Robinson, "golf specialist" of the New York World-Telegram, will be the principal speaker at the first annual combined Wiltwyck-Twaalfskill golf dinner on Tuesday, November 16, at the Stuyvesant Hotel.

Maurice Davenport of Wiltwyck who defeated John Van Gonsic of Twaalfskill for the 1948 city match game title will be awarded the championship trophy at that time.

Robinson who is regarded as one of the best golf writers in the country yesterday accepted the invitation to speak here. He is also the Telegram's football specialist.

Club Gets Plaque In addition to the Davenport trophy, Wiltwyck Golf Club will receive the city championship plaque on which will be inscribed the names of Roy Vogt, Billy Van Aken, past champions.

Both clubs have agreed to support the affair annually with the combined membership of the two organizations.

Club presidents, Louis G. Bruhn of Wiltwyck and John Van Gonsic of Twaalfskill have pledged the support of their clubs. During Van Gonsic's absence because of a Florida vacation trip, president-elect Bob Herzog has acted for Twaalfskill.

Complete details will be announced later. Meanwhile, secretaries of the two clubs will have tickets by the week-end.

Expect 17,000 Fans For All-Star Hockey

Chicago, Nov. 2 (AP)—A sell-out crowd of more than 17,000 fans is expected in Chicago Stadium tomorrow night to watch the second annual National Hockey League All-Star match.

Most of the 18 all-stars, selected by league coaches, arrived here today.

The Toronto Maple Leafs, last season's league and Stanley Cup champions, will be making a repeat appearance in the All-Star contest.

Providence, R. I. — Charles "Cabey" Lewis, 130, Havana, out-puncted Jose Gonsalves, 129, Mexico City (10).

Rochester, N. Y. — Johnny Kaufman, 147, Rochester, stopped Glenn Hendershot, 149, Binghamton, N. Y. (5).

To Be Honored

MAURICE DAVENPORT

Popular Wiltwyck Golf Club champion who defeated John Van Gonsic 3 and 2 in the annual 36-hole city championship finals, will be guest of honor at the first annual golf dinner on Tuesday, November 16, at the Stuyvesant Hotel.

## Horse Show At Garden

New York, Nov. 2 (AP)—The society, fashion and glamor set will make its annual pilgrimage to Madison Square Garden today to view the formal opening of the 60th Annual Horse Show.

The show, which will continue for eight days, will be highlighted by a special military salute given to General Jonathan M. Wainwright, hero of Bataan, by the military jumping teams of Canada, France and Mexico.

For the first time in years, however, the crowd will not see the United States military team. The U. S. Army abandoned the sport and broke up its team soon after the Olympic games.

In all, seventeen states and Canada are represented among the exhibitors of some 500 horses. Of these 444 are entered in the open jumping, hunter, saddle and harness classes. The hunter division has drawn the largest entry this year, with 138 foxchasers for the 31 events.

A total of \$30,000 in prizes has been drawn some 270 exhibitors.

Big Names, Wind And Dick Mayer Tops at Pinehurst

Pinehurst, N. C., Nov. 2 (AP)—If a combination of wind and the big name tournament stars hit Pinehurst at the same time today, the main part of the 46th North and South Open tournament will produce a different story than yesterday's qualifying round.

Fifty-four of the better professionals and amateurs, exempted by their records from qualifying, will make their first appearance today. Favorites among them are Frank Stranahan, who came here right after winning the Mexican Amateur title, Jim Turnesa, last year's winner; young Johnny Palmer of Baden, N. C., who is seventh among the pro money-winners this year, and of course, Slamming Sammy Snead, who is at his best on a long course.

Off yesterday's performances by the "unknowns," these stars should be able to take the course apart. If the weather remains calm and perfect as it was yesterday, they may do just that in spite of the length of the 6,952-yard, par 72 layout and the tight traps. But wind will make a big difference.

Yesterday Dick Mayer, Marionneck, N. Y., amateur who has been knocking at the doors of the major tournaments for several years, came through with a 32-35-67 score to top the field of 119.

## Football Briefs

**Syracuse Tackle Hurt**  
Syracuse, N. Y., Nov. 2 (AP)—A shoulder injury will keep Left Tackle Jim Pepper of Rome out of the Syracuse football lineup against Temple Saturday and may sideline him for the rest of the season.

Pepper was the only Syracuse player hurt seriously in the Boston University game Saturday. Coach Ribs Baysinger said last night.

**Cornell Loses Girolamo**  
Ithaca, N. Y., Nov. 2 (AP)—Paul Girolamo of the Bronx, right half-back of the Cornell football team, will be out of action for several days because of a leg injury suffered in the Columbia game.

Coach Lefty James put the rest of the Cornell squad through a non-contact workout yesterday in preparation for the Colgate game here Saturday.

**Colgate Battered**  
Hamilton, N. Y., Nov. 2 (AP)—A bruised Colgate football team is preparing for Saturday's encounter with Cornell at Ithaca.

Almost half of the Raiders' squad sat out yesterday's drill because of bruises suffered in the Penn State game.

**Contabs Lose Tackle**

Cambridge, Mass., Nov. 2 (AP)—Doug Bradley, Harvard's heavy duty tackle, also will miss this week's Princeton game. Injured against Dartmouth, he sat out Saturday's win over Holy Cross.

Coach Valpey will call Bradley with two players. Will Davis on offense and Dick Guidara on defense.

Hanover, N. J., Nov. 2 (AP)—Dartmouth's only casualty of its 44-14 rout against Yale were first string Center George Schreck and reserve Left End Bill Spoor. Both are expected to be available for Saturday's Columbia game, the last one of the Indians' home slate.

Newton, Mass., Nov. 2 (AP)—After three days of rest, the Boston College Eagles will resume their football grind today when Coach Donny Myers will start pinning them for next week's clash with William and Mary.

Myers, who saw his passing defenses collapse against Clemson, plans to stress that department for the next two weeks.

Weston, Mass., Nov. 2 (AP)—The Boston University Terriers, a bit proud about beating Syracuse for the first time, got a rude shock yesterday when Coach Buff Donnell sent them into their first Monday scrimmage of the season.

And it was a torrid affair. Donnell said he planned to use alternate offensive and defensive units against Fordham in New York on Saturday.

**Chicago 6-Day Field Is Reduced to Half**

Chicago, Nov. 2 (AP)—Twelve teams of an original starting field of 15 remained in the 47th international six day bike race today as the contestants went into the third day of the grind in the International Amphitheatre.

Mickey Franciose, Montclair, N. J., retired from the race yesterday afternoon after a lengthy jam. His partner, Jules Audy of Chicago, was able to remain in the whirl when last year's Chicago victor, Bill Anderson of Cleveland, suffered a bad spill after a tire blew out and was unable to remain in competition.

Jerry Rodman, Anderson's starting partner, teamed with Audy within the four hour time limit prescribed by the rules.

**Uptate Grid Player Succumbs to Injuries**

Syracuse, N. Y., Nov. 2 (AP)—Leonard Tucci, who was injured in a semi-professional football game here Sunday, died last night in a Syracuse Hospital. He was 22.

The hospital said death was caused by a brain hemorrhage. Tucci was injured in a pileup of plays during a college game between the Cavaliers and the Happy Hearts.

After the play, Tucci, a Cavaliers backfield star, walked off the field and collapsed on the sidelines.

He was a World War II veteran.

**Irish Want Michigan**

Chicago, Nov. 1 (AP)—Notre Dame still is ready to play Michigan any time, any place.

This point was emphasized today at the "Herald-American Quarterback Meeting" by Notre Dame's assistant athletic director and basketball coach.

Krause was asked: "Why can't Notre Dame and Michigan (both apparently headed towards a second straight unbeaten season) play each other at Soldier Field?"

Krause replied: "As Coach Frank Leahy said before this game meeting last year, Notre Dame is willing to meet Michigan any Saturday, Sunday or Monday afternoon."

(Athletic Director Fritz Crisler of Michigan last week greeted the same question here with the explanation that Michigan's schedule commitments would not permit a game with Notre Dame.)

## In The Pocket

with CHARLIE TIANO

**Bagatelles:**

Wanted: Half dozen professional mourners to commiserate with George Palmateer, Poughkeepsie sports ed., when Sam Kalloch's crew invades the stadium Saturday for a daylight brawl against the K.H.S. football powerhouse. Mr. Kalloch, who has developed a strange affinity for Indian high schools in recent years, is a football purist. To him, night football for high school squads represents sordid commercialism and he avoids it like a process dodger. He detests the after-dark version of the autumnal madness with a flaming passion that is surpassed only by his current, frantic search for a football team.

Mr. Palmateer, an intelligent young man, was recently initiated in that lachrymal group that we can best define as the "Oh, dear, it's going to be murder club" which embraces such ink stained worthies as Wesley F. "Bo" Gill of Newburgh; J. C. "Shadow" Harrison of Middletown and Ralph Fredericks of Port Jervis. Already in his mind, Palmateer envisions a 40-0 victory for Kingston.

**These Lachrymal Experts Haunt Us:**

Every time Kingston High is about to crash head-on with a regional opponent, these esteemed gentlemen of the fourth estate grind out funeral dirges, make their mandolin predictions and then turn out in mourning dress for the kill. We always wear goggles when a meeting with these compatriots is a certainty. Wet feet are always bad but when the saturation is the result of the crocodile tears of the young experts, the toughest shoe leather cannot withstand the chemical reaction. The goggles become an economic necessity.

Strictly off the records, these young men have never been wrong. But there must have been a few flickering moments in Middletown last Friday when "Shadow" Harrison felt that maybe the greatest upset in DUSO football history was in the making. On the other hand, Brother Gill was smart. He feigned illness and refused to be a witness to the Maroon slaughter of the Goldbacks. Brother Fredericks had no choice. The Kingston-Port opener was played in his backyard.

**Hasn't Happened Since 1937:**

Palmateer has a few points in his favor. K.H.S. has not whipped Poughkeepsie High on the gridiron since 1937 (discounting a few years they didn't play) and Maroon victories over the Blues occur with about as much frequency as Notre Dame losses. The Blues have been knocked off five straight. K.H.S. has won five in a row. Can you think of a better setup for an upset?

**Flotsam and Jetsam:**

It wouldn't surprise us if K.H.S. drills this week emphasizing fundamentals. Clarence Rowland reports that public reaction to the St. Lawrence-Gettysburg game here on Nov. 13 is good. A thousand of the Larries' alumni will invade Kingston. The Bullets from Gettysburg, Pa., will be favored. Chick Kaiser, a favorite with the Kate Smith Celtics here several years ago, and still one of the best players in the Basketball Association of America with the Baltimore Bullets, has retired to enter business. Married life is a funny biz. What's his is hers but her's ain't his. Jake Chelsky touts Jim Pruden as the best looking prospect in the City Minor Bowling League. The kid rolls a beautiful ball and is the sparkplug of the Frank's Sport Shop squad. Radio station KSLU of the Intercollegiate Broadcasting System will broadcast the St. Lawrence-Gettysburg game via wired radio.

**JUST ASKING:** Did Burt "Old Blue" Haver and Ken Wood stand up Lou Netter and Frank "Capooch" Camprochiari in a challenge golf match Sunday? The Netter-Campo tandem incidentally, is undefeated "on all courses."

**Official Pix Won't Tell on Ump:**

Because the cameraman used a wide angle lens on the play and missed the shot, the highly controversial play at second base—the Cleveland Indians' famous pick-off maneuver in the first game when Umpire Bill Stewart ruled Phil Masi safe on his scramble back to second—will not be included in the major leagues' film of the 1948 World Series.

Low Ponsessa, in charge of the movie, admitted he'd probably take a lot of kidding from the Chicago and New York writers at the showing of the film later on, but added: "There definitely is no censorship. If our shot of the film was filmworthy, it would be in there."

The 30-minute film will be ready in early December and will be released for public showing in January.

The Kingston Athletic Association will show it for members on January 20.

**MULLIGAN MIKE SAYS:** Golf liars have one advantage over the fishing kind. They don't have to show anything to prove it.

## Bowling

Harry Wilber of Wilber Coal was top bowler in Kingston last night with a flat 600 in the Independent circuit. Anchoring his squad to a 2-1 victory over Martin's Market. Harry opened with a rousing 246 and filled with 167 and 187.

Ross, Ellis was runnerup with 214-200-575, a pin better than J. Davis' 219-574 effort. Also in the select group were Roland Post 197-562; M. E. Cole 242-552 and Ed Marks 236-563.

Others in the "500" bracket were: W. Davis 185-537; Bob Jones 193-528; Harry Jump 182-502; Ray DuBois 203-523; Ray Cord 210-523; Harry Pierce 205-510; Chas. "Smoky" Grunenwald 196-521; F. Schick 186-540; Orv Van Alstyne 180-526.

**Schryver Tops Freeman**  
Cliff Schryver posted one of the better triples of the Freeman League schedule on the tough "Y" drives, knocking off scores of 195-170-198 for 563. He was the only keeper to negotiate the "500" mark. Runnerup honors went to Milt Buddenhagen with 192-467.

**Schneider Blasts 563**  
H. Schneider paced the Good Neighbors kegglers with a 568 series. He started slowly with 144 but improved with age, bagging 196 and then a 228 finisher.

The "500" group in this league included: Jack Singer 199-537; Max Chirlin 196-550; Rube Leventhal 210-529; S. Friedman 188-540; Meyer Basch 181-507; Jerry Kessler 192-524; Murray Greene 172-500; Ben Sklon 183-533; Saul Goldfarb 190-513; G. Goldfarb 203-542.

**Mayone Leads Minor**  
Ralph Mayone, a bright prospect who has yet to hit his stride, picked up a 581 series to show the way in the City Minor loop. Mayone sandwiched a 164 with 192 and 225.

Scoring generally was low but the "500" shooters were: Bud Evans 201-531; Otto Scholler Jr. 195-553; Herm Kreppele 186-515; Irv Wilpan 183-508; Ben Marcus 215-504; Jim Pruden 190-528; Len Freer 198-512; Mily Berardi 202-548; Herb Sleight 198-535; Joe Dulin 179-518; Joe Fautz 210-555; George Brown 184-512; J. Provenzano 177-500.

## Sub Rule Irks Phelan

New York, Nov. 2 (AP)—James Phelan, coach of the professional Los Angeles Dons, says football is getting out of hand with the new unlimited substitution rule.

He'd like to see some changes made.

Addressing the New York football writers luncheon yesterday, Phelan proposed that wholesale substitutions be permitted only at the start of each quarter.

During the rest of the game, he added, substitutions should be limited to three changes at a time.

He remarked that 296 lineup changes were made by Cornell in its victory over Columbia Saturday.

Coach Lou Little of Columbia, chairman of the Coaches' Rules Committee, said he opposed a return to limited substitution. He agreed, however, Phelan's suggestion would help the schools with small squads and not hurt those with large ones.

New York, Nov. 2 (AP)—The old Notre Dame-Michigan argument is on again with the Irish out front by a slender three-point margin in the weekly Associated Press poll of football writers.

Displacing the Wolverines by a total of 1,762 points to 1,759, Notre Dame actually ran behind Michigan in the matter of first place votes, 68-56. The South Benders picked up their margin on second and third place ballots.

It is quite possible that both clubs may win all their remaining games and stir up another tremendous post-season discussion. Once again they do not meet.

## North Carolina Third

North Carolina, running a strong third, is a definite threat to both leaders with 36 first votes and 1,456 points. William and Mary, Maryland, Duke and Virginia are the only teams remaining in their path leading to a sure bowl bid.

## ELLENVILLE NEWS

Ellenville, Nov. 1.—For what it may be worth, the vote taken on Wednesday by students of the Ellenville High School on their choice of the presidential candidates fully confirmed the results shown by various recent polls. With 375 students registering their choice, the count showed Gov. Thomas E. Dewey leading by better than two to one. Gov. Dewey received 236 votes to 116 for President Truman. Of the balance of the votes, Wallace received 12, Norman Thomas 10 and Watson one. The balloting followed discussions under direction of the Social Studies department.

The 1949 budget submitted by the town board was unanimously approved following a public hearing Monday night. It shows an increase of more than \$8,000 over last year. A number of petitioners were present asking for further additions to the original budget. A group of nine, led by William L. Douglas, asked for \$2,500 for survey of the town and to secure "adequate insurance for covering every fireman in the town." Town Attorney LeRoy Lounsbury and Village Attorney Charles F. Kaiser, Jr., also spoke for the proposition. The board voted to add the sum to the budget. The board also added \$3,000 for special improvements to 1 1/2 miles of highway at Ulster Heights running past the Weser place. Highway appropriations approved showed an increase of \$45,000 over last year, of which \$30,000 was in the snow removal fund.

Members of the town board were told Monday evening that their appropriation of \$5,000 for an airport survey would not be sufficient; that it would cost about \$4,500 to secure accurate estimates of the cost of the field—including a soil survey and field design.

Election inspectors in the town of Wawarsing will this year receive \$12 for each primary and registration day and \$15 for Election Day.

Frank E. Jadin, district forester, will speak on conservation at the meeting of the Men's Club of the Methodist Church Monday evening. A supper will be served at 6:30.

At the annual meeting of the Dutch Army of the Ellenville Reformed Church, Monday evening, Earl Hamilton was elected president. Other officers are: Donald Sprague, vice-president; Harold Sparks, treasurer; Milton Townsend, secretary.

Dr. Bernard Carp, state director of the Jewish Welfare Board, will speak at the first installation of officers of the Jewish Community Council on the evening of November 10. To be installed are: Rabbi Nilske and Louis Berger, president; Louis Carr, vice-president; Shirley Brodsky, secretary; Jack Horowitz, treasurer.

With its defeat of the Monticello team by the tight score of 1 to 0 the Ellenville High School soccer eleven clinched the DUSO League title for the second consecutive year. The team has one more game to play, at Fallsburgh November 27, but the outcome will not affect the title.

An impressive array of workers is canvassing the town for membership in the Auxiliary of the Veterans Memorial Hospital. The drive continues through November 8. Mrs. Ben Miller, president of the Auxiliary, with Mrs. Edward Knight chairman for the drive.

American Art Week will be observed in Ellenville by an exhibition of paintings by local artists. The exhibit will be on display at Saltz's stationery store November 3 to 6. Mrs. Dorothy V. Hoemer is the local chairman.

Ellenville's cross-country team added two victories to its string with the defeat of the Kingston "B" squad 17 to 38, and Arlington High School 21 to 34, November 4. The team will see action at Walkkill in the Section 9 meet.

Miss Jean Marie Hopkins, daughter of former Sergeant John A. Hopkins and the late Mary E. Shindler, Ellenville, was married October 23 to Ronald T. Murphy of Wawarsing, son of Mr. and Mrs. Arthur Murphy. The ceremony was performed by the Rev. George R. Hlatf, in the rectory of St. John's Episcopal church.

Under direction of Mrs. E. J. Shindler, Ellenville Browne leader, a display of the work done by Ellenville Girl Scouts and Brownies will be set up in the Rose & Douglas show windows, as a part of the observance of Girl Scout Week, October 31 to November 7.

Parking meter collections for the week ending last Tuesday totaled \$210.55.

The Rev. Doris E. Fritts of Rochester, new pastor of the Lutheran church here, is to arrive in Ellenville Saturday and conduct a special Reformation Day service on Sunday. Dr. Fritts served churches in Athens, Oldwick, Troy and Rochester. He was educated at Hartwick Seminary, Wittenberg College and Hartwick Theological Seminary, later earning a Master's degree in religious education at Columbia University.

The Community-Center Baptist Church of Ellenville entertained on Thursday, October 28 at Hunt Memorial Hall, the first annual session of the Mt. Zion Mission Baptist Association, composed of Baptist churches in Ulster and neighboring counties.

Delegates from cities as far away as Peekskill and Saratoga Springs attended the convention, which was considered by the Rev. Franklin D. Staples, corresponding secretary of the association and pastor of the Ellenville church, to have been very successful. About 150 attended the three sessions and dinner was served at noon.

Dr. T. J. Jenkins of Poughkeepsie, gave the official opening address.

## Do You Remember

by SOPHIE MILLER

October 13, 1891—How a political speech did actually save the people's money in Kingston. The Electric Light Company asked the privilege of erecting poles and stringing wire along the street. Alderman Brinnier immediately objected so strongly that this privilege being granted unless the company agreed to light the City Hall free of charge for ten years! After considerable hot debate Brinnier's resolution won it through, thereby saving the Kingston citizens some \$6,000.

Remember the pencil filled-out ballots before the days of voting machines? They say, one man at Creek Locks was busy from 11 o'clock until 1, running in and out of the booth, each time making another error, finally he did it right. In this 1891 item they also mentioned that some of the prominent men of Kingston were sent back several times. No doubt they all sighed with relief when on February 15, 1927, the Kingston Common Council went on record favoring the present voting machines.

This from a national headline of October 9, 1891—"McKinley and Campbell lunching at the same table."...There was considerable applause when Governor

Campbell resumed his seat, but when Major McKinley arose, it turned into a cyclone. (McKinley was re-elected at that time.)

During Mayor James E. Phinney's term in Kingston in 1900—Col. Teddy Roosevelt visited here and spoke at the old Academy of Music on E. O'Reilly street. Who remembers?

And so past the gay ninety political street speeches, outdoor bonfires, blazing tar barrels, rockets and Roman candles which poured their fiery hail, instead we are now bombarded through our radio, miles and by television as we sit, quietly alone, each in our own homes. Personally I miss the political speeches from the old Mansion House balcony at the corner of Strand and Broadway which took place around the 1920's.

## Cancer Betatron To Be Erected

Washington, Nov. 2 (AP)—The navy said today that the largest betatron ever constructed for cancer treatment is to be a part of record new permanent construction at its St. Albans, Queens, N. Y. hospital.

The navy announced that Thompson-Starrett Co., New York, has been awarded a \$14,823,000 contract for the St. Albans work—the largest lump-sum hospital construction award the navy has made.

The 20,000,000 volt betatron and the treatment building to house it will be built underground, with 18-inch concrete walls, a six-inch floor and a 12-inch ceiling, plus earth and concrete cover.

The end of the building at which the ray will be directed will be backed up by eight feet of earth and a second concrete wall. Doors to the room will be sheathed with inch-thick lead.

During X-ray treatments the machine will be operated from another room by remote control and the operator will watch the patient by television.

In addition the new hospital will have a "conventional" 1,000,000 volt X-ray unit, the navy said, and be equipped for television and bedside radios for its patients and have an air conditioned operating suite.

Other buildings to be constructed are a six-story administration and treatment building, a two-story subsistence building and six three-story ward buildings.

The hospital at St. Albans is the only naval hospital in the Greater New York area. The former naval hospital at Brooklyn was closed last June.

## In New Training

WILLIAM MCGINNIS

William McGinnis, son of Arthur McGinnis, 353 Washington avenue, is one of a group of selected soldiers completing the new type basic training at the infantry center, Fort Benning, Ga., it was announced today.

Unlike training given millions of men during World War 2, the new concept, as expressed by Maj. Gen. Withers A. Burress, commanding general of the Infantry Center at Fort Benning, is designed to make the new army more attractive to new men.

Upon completion of training at Benning, the men will be assigned to various divisions and other units now or about to be activated where they will continue training as members of those organizations.

He attended Kingston High School.

## On Light Cruiser

Michael J. Lawless, electrician's mate, second class, U.S.N., is serving aboard the light cruiser U.S.S. Little Rock now on a four month cruise in the Mediterranean.

Lawless, husband of Mrs. Hazel C. Lawless of 484 Hasbrouck avenue, entered the naval service December 18, 1941, and received his recruit training at the Naval Training Station, Newport, R. I.

## On Carrier Roosevelt

Richard Vanderboock, airman, U.S.N., son of Mrs. K. H. Teetsell of Route 2, Saugerties, is serving aboard the aircraft carrier U.S.S. Franklin D. Roosevelt. He entered the naval service June 30, 1947, and received his recruit training at the Naval Training Center, Great Lakes, Ill.

Before entering the navy he attended Saugerties High School.

## At Recruit Center

Raymond F. Hendrickson, seaman recruit, U.S.N., son of Mr. and Mrs. Hendrickson of Route 3, Kingston, is undergoing recruit training at the world's largest naval training center in Great Lakes, Ill.

## Joins Alpine Club

Geneva (AP)—Eighteen year old Prince Baudoin, eldest son of King Leopold III of the Belgians, was received as a member of the Swiss Alpine Club at a ceremony here recently. Prince Baudoin lives in exile with his father near Geneva. King Leopold is himself a member of the club, as was his father, the late King Albert, who was killed in a mountaineering accident in 1934.

## Perfect Pair

Larry Gordon, New York photographer specializing in glamor gals, went 'way out on a limb—two of them, in fact. "There are two perfect loafs in the world," says Larry. "The right one belongs to Betty Grable and the left one to Marlene Dietrich." Here they are—what do you think?

## Lionel Barrymore Walks Again

For the first time in ten years, screen actor Lionel Barrymore leaves his wheelchair, with the aid of crutches. Henry Hathaway, left, director of Barrymore's current film, helps him. Doctors say that, if he loses another 20 pounds, the veteran actor will be able to walk without crutches.

## The Gal's Going Places

Paris' "Queen of the Cabbies," Rachel Durance, is off on a Paris-to-London trip in her horse-drawn cab. Rachel and her horse, Coco, are landmarks in the French capital. A former actress and circus performer, she's previously made trips to Berlin and Bucharest. (Photo by NEA-Acme staff correspondent David Boyer.)

## Veterans: Do You Want This?

Any veteran who wants this can try his hand at winning it just by writing a letter. The alligator, that is, Miss McClure, Hollywood starlet, got it from a Florida fan, but she lives in a hotel where no pets are allowed. So she'll give it to the veteran who writes the sincerest and "cutest" letter on why he'd like it. Her address is 1626 North Vine St., Hollywood 28, Calif.

## Artists Display Works in Stores

City-wide participation in the 18th annual American Art Week has been arranged here by the Ulster County Artists' Association with the cooperation of local merchants and artists, it was announced today by Alexander S. Fuhrman, president of the association.

Three art exhibits containing more than 30 paintings each have been placed at three local buildings, the J. R. Shults Paint and Wallpaper store on North Front street, Reade's Kingston Theatre and at Andy's Furniture Store on lower Broadway.

In addition, there are exhibits of fewer paintings at 63 stores in the city as well as in the windows of the Chamber of Commerce office at the Governor Clinton Hotel and at the local office of the New York State Department of Commerce on Broadway opposite the high school.

Area artists whose work is being exhibited include Mrs. Rose C. Deegan, Ray Nickerson, Dorothy Kraus, Doris Ashton, Sophie Miller, Robert C. Deegan, Paul Werner, Myrtle Kemble, Michael B. Hughes, Nelson Van Horn, Frieda Borkman and A. S. Fuhrman, all of Kingston; also Leonard George of Gardiner, William Borkman of New Paltz, Edgar C. DeGaw of Binnewater, Mrs. A. A. Champanier of Saugerties and Marlina Slonen, Mercy Ann Hillman and Miss Carolyn of Woodstock. Among the New York city artists to be represented here is Hjalmar Admunsen.

American Art Week began

Monday and will continue through Saturday. Radio broadcasts have been arranged in connection with observance of this week at Hudson on November 4 and in this city on November 5. The next meeting of the Ulster County Artists' Association will be held Thursday evening at Shanghai Loo's restaurant on Wall street and will also have an appropriate program in observance of this week.

## Water Is at Lowest

Valhalla, N. Y., Nov. 2 (AP)—Water in New York city's Kensico reservoir is at its lowest level since the reservoir was built 30 years ago. Remnants of villages that once stood in the valley are visible around shores of the reservoir. The reservoir has a capacity of 30 billion gallons, and yesterday it held only 19 billion. The depletion—not dangerous, according to engineers—is attributed to exceptionally dry weather and increasing use of water.

## POCK MARKS OF REVOLUTION

Thousands of scurs from bullets mark corner of police headquarters in Asuncion, Paraguay, following brief revolution, on week-end of October 23-24. Building was attacked by soldiers from the Military College. Leaders of the revolt surrendered to President Natalicio Gonzales' forces October 25.

## Reward Is Offered For News of Fliers

Middletown, Pa., Nov. 2 (AP)—Spurred on by the offer of a \$500 reward, Pennsylvania's nearly 1,000,000 hunters today were on the lookout for two fliers whose airplane was reported lost somewhere in the state.

The reward offer was made by Frank A. Linder, Fairwood, N. J., father of one of the missing men. Linder sent out 400 letters asking help from Pennsylvania hunting lodges and reports.

Linder's son, Lt. Frank T. Linder, and Pvt. J. C. Renkiewicz, Arlington, Va., were never heard of after they took off from the Greater Pittsburgh Airport October 1, bound for McGuire Air Force base, Fort Dix, N. J.

In his letters, Linder asked hunters to pass along any information to the Olmsted Air Force base at Middletown.

## Tojo Will Know Fate

Tokyo, Nov. 2 (AP)—Hidetsugu Tojo, last of the Axis leaders who plotted World War II, will know his fate in the next few days. The International Military Tribunal for the Far East announced today reading of the verdict in the war crimes trial of Tojo and 24 other war leaders will begin Thursday. The opinion and judgment, runs about 1,500 pages, and its reading is expected to take from six to 10 days. The 55-count indictment charged Tojo and his fellow defendants conspired from January, 1928, until the Japanese surrender in September, 1945, to wage wars of aggression, commit wholesale murder and numerous crimes against humanity.

Colonial newspapers were the mainstay of the movement for independence.

## ISRAEL, ARAB COMMUNISTS AT REUNION

J. Toubi, a leading Arab Communist, addresses reunion meeting in Haifa of Communist Party of Israel (Jewish) and the Arab League of Liberation of Israel. This was the first time Arab and Jewish Communists sat together on the same platform. The Arabs are part of the population which stayed on to settle in Israel.

## EISLER IN PROTEST PICKET LINE

Gerhard Eisler (right), described by the F.B.I. as America's No. 1 Communist, marches in picket line in front of the U. S. Courthouse in New York city. Picketing was a demonstration against the scheduled trial of 12 top leaders of the Communist Party charged with advocating the violent overthrow of the U. S. government. The trial was again postponed by Federal Judge Harold H. Medina until November 15. Eisler is not one of the defendants.

## PORT EWEN

Port Ewen, Nov. 2—Mr. and Mrs. Thomas P. Wayne and daughter, Miss Mary Bette Wayne and son, Richard Wayne of New Windsor and Mr. and Mrs. John G. Reynolds of Port Ewen were Sunday dinner guests of Mr. and Mrs. Jack Reynolds at their home in Kingston.

Mrs. Eva Smith of Unadilla is visiting her aunt, Mrs. J. Lee. The Home Bureau will meet Friday at 8 p. m. in the Town of Esopus Auditorium instead of Wednesday as planned. The change of date is due to the public hearing on the annual budget. Mrs. Paul Burton of Sawkill will be the guest speaker, talking on Christmas greens and decorations. She will demonstrate her talk. Members wishing to learn to make wreaths are asked to bring the following: greens, wire, coat hanger, strong string for winding and shears.

At the public health nursing committee of the Town of Esopus held October 26 the finance committee submitted plans for a rummage sale to be held in the near future to raise funds for equipment for the clinic room and the loan closet. The housekeeping committee reported that the hall had been painted. It was decided to furnish one room for the use of the dental hygienist, Mrs. Chatfield and the committee is appealing to the public for the donation of some wicker chairs and a small kitchen table. Mrs. O'Neil, town health nurse, gave a report on her work, telling of the increase in attendance to child consultation. Nurses aid chairman spoke of the need for workers to help in these consultations. Coffee and cake were served after the meeting. Those attending were Mrs. Mary O'Neil, county health nurse; Mrs. Loren LeFever, Esopus; Mrs. Frank Butler, West Park; Mrs. Richard Gendreau, Ulster Park; Mrs. Maurice Crystal, May Park; Mrs. Jay Kelly and Mrs. Frank Dailey of Slightsburg; Mrs. Ethel Slight, Mrs. Darrel Myers and Mrs. Donald Tinnie of Port Ewen. There will be release time at Presentation Church on Wednesday from 2:30 to 3:30 for all children of the parish to get religious instructions.

Wednesday at 7:30 p. m. there will be a novena to Our Lady of Perpetual Help at Presentation Church, followed by Benediction of the Blessed Sacrament and confessions. The Rev. Joseph Collier, C.S.S.R., of Mount St. Alphonsus, Esopus, will give the sermon. There will be a meeting after the novena of the committee from the Holy Name Society and a committee from the Presentation Women's Club to organize for future activities. First Friday services: Mass at 7 a. m. Communion at 6:30, before, during and after the Mass. Benediction of the Blessed Sacrament after Mass. Confessions on Thursday from 7 to 8:30 p. m.

The Port Ewen Fire, Drum and Bugle Corps will practice at St. Leo's Hall tonight for the minstrel show instead of at the town auditorium. The show is scheduled for November 16 and 17 at the auditorium.

Miss Barbara L. Smith who has been spending a few days at the home of her parents, Mr. and Mrs. Anna Smith, returned to the College of St. Rose in Albany today.

The Men's Community Club will meet at the Reformed Church Hall tonight at 8 o'clock.

## Schoolrooms Are Painted

New York, Nov. 2 (AP)—New York city schoolroom walls and furniture are being splashed with blue, peach, green, orange and red paint in a color scheme to improve the pupils' nerves and appetites. Peach-colored lunchrooms are considered "appetizing." Light blue-green classrooms are believed to help concentration. The former brown scheme—now considered to have a depressing effect—is definitely out. Scientific data—not artistic theory—was applied in determining what colors make pupils tense or relaxed, bored or interested, eager to learn or restless.

## 'Golden City'

Prague (AP)—Prague has 2,000 street cleaners and it costs the city \$3,000,000 to keep the capital clean each year, it was disclosed when the city celebrated a special week of cleanliness. Prague calls itself "The Golden City" but it has adopted a new slogan, "The most beautiful and cleanest city."

## Fiery Crosses Burn In Florida as Warning to Reds

Wildwood, Fla., Nov. 2 (AP)—Fiery crosses, the mark of the Ku Klux Klan, blazed in Central Florida last night.

All of the crosses, planted by hooded and robed figures as a motorcade of klansmen swept through four towns, were burned in Negro sections.

W. H. Brough, a Wildwood metal worker and the Klan's Florida titan, said they were a warning that Communism would not be tolerated in the state.

More than 50 motor cars, each containing two to four hooded figures, drove through Plymouth, Tavares and Leesburg before burning up with a barbecue here. Most of the license plates were covered.

At the head of the cavalcade, and at its end, was a vehicle bearing a huge cross, lighted by red electric bulbs. Hundreds of spectators lined the streets to watch, but Negroes remained close to their homes.

An unidentified white man pulled down one cross in Lees-

burg a few minutes after the Klan left.

The only report of trouble came from Leigh Tucker, a girl reporter-photographer for the Orlando Morning Sentinel. She said a group of hooded figures smashed her camera and ordered her to leave the vicinity.

Klan officials denied it. They said they interfered with no one except to enforce a rule against closeup pictures.

Dr. Samuel Green, of Atlanta, Klan grand dragon, was scheduled to speak at the barbecue but illness prevented his attendance. W. E. Reincher of Orlando, who said he spoke for Green, spoke against all "isms," especially Communism.

Brough also spoke. "We have no quarrel with Negroes," he said, "unless they are tied up with the Communist party. We want our Negroes to vote tomorrow, but we are out to stop the Communist movement in Florida and that applies to white and black."

Supervisors to Meet  
The annual session of the Ulster County Board of Supervisors will be convened on Monday, November 8, at 7:30 o'clock. Notice of the annual session was sent to members on Monday.

## Donora Asks U. S. Survey Air Above Town for Safety

Donora, Pa., Nov. 2 (AP)—The Borough of Donora today asked the U. S. Public Health Service to survey the air above the town in an effort to solve the mystery malady which took 19 lives.

The town council voted last night to enlist the aid of the national health agency after hearing charges that fumes and smoke from the zinc works of the American Steel and Wire Company were a factor in the deaths.

The charges were made at an old-fashioned town meeting by Frank Burke, safety director for the C.I.O. United Steel Workers and Dr. William Rongaus, member of the board of health.

Before the meeting of about 200 persons, Dr. Joseph Shilen, head of the Industrial Hygiene Bureau of the State Board of Health, said preliminary tests showed "small quantities" of poison gas in the air.

Dr. Shilen said his preliminary tests showed the presence of both sulphur dioxide and sulphur trioxide in samples taken before the mixture of smoke and fog had lifted to any great degree.

He declined, however, to say whether the "small quantities" of gas he found would be sufficient to cause death.

Dr. Rongaus, one of the eight doctors who treated over 500 sufferers in 36 hours starting Friday night, declared "something should be done about the fumes from the mills. They are silent murderers."

The company made no answer to the charges but M. M. Neale, superintendent of the zinc works, said the plant's smelters would remain closed until air tests are completed. Some 650 of the 900 employees of the works have been idled by the shutdown.

As the meeting adjourned fog started settling again over the Monongahela River valley but residents said the fumes were not present as last week when the smog lay over the area four days with visibility almost zero at times.

## SLEEP ON THE FLOOR

Doctors say: "Soft beds are very bad" but sleeping on the floor would be worse. They advise that you place a REST-WELL BED BOARD under your mattress. It will prevent backache and pain caused by over-bedding. Also, improves sleeping posture so you sleep like a BABY. Sturdy, light, foldable, all good sleepers. Anyone can afford one.
